Proclamation in Support of the Yavapai Promise program sponsored by Yavapai College.

Proclamation
PROCLAMATION

In Support Of Yavapai Promise

Whereas, studies have shown that people with an Associate’s Degree earn $360,000 more on average during their career than people with a high school diploma; and

Whereas, people with Associate Degrees strengthen our tax base by contributing an average of $100,000 more to the tax rolls than people with high school diplomas; and

Whereas, a well-educated workforce helps attract and retain businesses because 64% of jobs require a college certificate or degree; and

Whereas, people with a college degree are less likely to take advantage of various tax-funded services ranging from unemployment and TANF to food stamps or incarceration; and

Whereas, more than 200 other communities have already established College Promise scholarship programs, infusing millions of dollars of federal grants into their communities; and

Whereas, Town of Chino Valley desires to create a college-going culture within Yavapai County for the aforementioned reasons;

Now, Therefore, I, Darryl Croft, Mayor of the Town of Chino Valley, do hereby proclaim that the Town of Chino Valley supports the Yavapai Promise program of Yavapai College, which is a promise to make earning a college degree tuition-free for the graduating high school and GED class 2019 who complete a degree within two years (7 consecutive semesters) at Yavapai College.

In Witness Whereof, I have hereunto set my hand and caused the Seal of the Town of Chino Valley to be affixed this 11th day of June, 2019.

YFAC Funding Request
December 28, 2018

Chief Charles Wynn
Chino Valley Police Department
1950 Voss Dr.
Chino Valley, AZ 86323

Dear Chief Wynn,

The Yavapai Family Advocacy Center (YFAC), a project of Prevent Child Abuse Arizona, is truly appreciative of your ongoing support and looks forward to continuing the partnership to assist victims of child or vulnerable adult abuse or neglect, domestic violence and sexual assault. In fiscal year 2020, YFAC is asking each jurisdiction to provide funding based on the 2010 census at the rate of $.40 per person. Please consider the enclosed Funding Request for $4,326.

As you can see from the attached funding request YFAC relies greatly on the support of Prescott Valley and our local jurisdiction to continue to be able to perform the critical work that is done at the advocacy center to support the criminal investigations of interpersonal violence and provide crucial services to victim's through advocacy, trauma informed therapy, support groups and legal services.

As our population in Yavapai County grows, as well as public awareness regarding advocacy and services available to victims of crime YFAC continues to see an increase in the number of victims seeking services. Additionally, as professionals continue to provide research and information regarding how investigations of these types of crimes are more successful and victims are more likely to cooperate with prosecution when advocacy centers are used, we continue to see an increase in referrals from Yavapai County law enforcement agencies for forensic interviews, sexual assault exams (both acute and chronic), strangulation exams, multi-disciplinary case reviews and advocacy services for the victims in the cases they are investigating.

YFAC provides both an essential service and a significant financial savings to all Yavapai County jurisdictions. A.R.S. 8-817 mandates that “joint investigations” involving “serious conduct allegations” of child abuse be coordinated with Child Protective Services and Law Enforcement. YFAC is a nationally accredited Child Advocacy Center through the National Children's Alliance that utilizes best practices to ensure successful joint child abuse investigations. We are an immediate resource for Law Enforcement to help gather time sensitive forensic evidence, as well as a crisis response center for the critical needs of victims. The benefit that YFAC offers to the cities, towns and county governments of Yavapai County is an essential service, provided at a very economical rate to those communities. Unlike other Family Advocacy Centers in
Arizona, YFAC is only partially funded by governmental agencies. The Center is sustained through funding acquired by a combination of local, state, and federal government grants, corporate grants, foundations, and through donations from individuals, and civic organizations. We also continue to look for creative ways to engage the community for support such as new fundraisers, open houses, and community events to ensure the future viability of YFAC.

YFAC is the only organization within Yavapai County that is recognized by the Yavapai County Attorney’s Office to perform Sexual Assault Nurse Exams (SANE). A forensic examination performed at YFAC costs $675 for an acute exam (rape kit), and $300 for a chronic exam. At an emergency room, the cost would be approximately $2,244 per exam. Additionally, as of October 5, 2018, YFAC now has coverage to provide SANE exams 24 hours a day/7 days a week. Additionally, YFAC providers are available to perform exams on victims regardless of where the assault occurred, whereas in the past the one provider that we had was only available to perform exams on victims whose assault took place in Yavapai County.

Through the support of PANT funding, for the past 2 years YFAC has also been able to support child victims of crime and law enforcement investigations with a full-time dedicated forensic interviewer. In 2017, YFAC staff performed 207 forensic interviews for law enforcement and from January 1st through October 31, 2018 YFAC staff has performed 184 forensic interviews for law enforcement. Other advocacy center’s around our state and throughout the nation charge anywhere from $200 - $400 per interview, whereas at YFAC there is no charge for this service. What we have heard from Yavapai County Detectives from each agency is how critical it has been to their investigations of crimes against children to have the interviews completed by our dedicated forensic interviewer as many of them are not trained forensic interviewers themselves or have limited experience with forensic interviewing. Forensic interviewing at an advocacy center is well documented as best practice when interviewing a child victim of any type of interpersonal crime as it is least likely to cause re-traumatization. Unfortunately, due to a severe downturn in funds available through RICO forfeitures in 2018, PANT is unable at this time to fund the same level of support for essential YFAC operations as they have in the past, which makes continued financial support from our other government partners more critical than ever.

Continued support for the Yavapai Family Advocacy Center can be proven to be both cost-effective and beneficial for victims, law enforcement and Yavapai County Prosecutors. We appreciate your commitment to our collaborative project and thank you for your consideration of this request.

Sincerely,

Missy Sikora

1. What is the overall goal of your program? What will it address?

The mission of the Yavapai Family Advocacy Center (YFAC) is to reduce trauma to victims of abuse by providing a safe and supportive environment and facilitating a team approach to advocacy, investigation, and prosecution. We support victims of child abuse/neglect, sexual assault/molestation, sex trafficking, as well as adult victims of sexual assault, domestic violence and stalking. We participate in a collaborative multidisciplinary team approach for the investigation of interpersonal violent crimes utilizing a team process of review. The team consists of Law Enforcement (LE) Detectives, Department of Child Safety (DCS) Specialists, Yavapai County Attorney’s, Victim Advocates, Mental Health professionals, Medical Practitioners and YFAC staff. Victims of sexual abuse and family violence who come to YFAC are surrounded by professionals who provide a coordinated response based on the victim’s needs. This is the first step toward help, hope, and healing. Utilizing a multidisciplinary approach offers multiple benefits, not only for the victims of interpersonal crime, but also for the professionals who investigate and prosecute these crimes.

2. Services Offered and Outcomes:

Services Offered:

During our FY2017/2018, the Yavapai Family Advocacy Center (YFAC) provided multiple services for a total of 820 individuals. This includes 621 new individuals. We served 516 adults and 304 children. Victimization types seen included; 50% child sexual abuse, 32% domestic violence, 9% child abuse/neglect, 6% adult sexual assault, 1% adults molested as children, and 2% other. As a part of our victim support, we provide specially trained Sexual Assault Nurse Examiner (SANE) - Nurse Practitioners, Mental Health Counselors, and Victim Advocates who are able to meet the unique needs of child and adult victims and their non-offending family members. We strive to make the Advocacy Center a safe, family friendly environment by providing comfortable seating areas for adults, a play room for children and teens, and provide for their physical needs like food, water, and a blanket or stuffed animal to comfort them. We coordinate individualized services for victims as follows:

- **Advocacy program** – Victim advocates provide age appropriate individual crisis intervention, personal and legal advocacy, such as access to community resources, court accompaniment and assistance with Orders of Protection. They provide education and information on the effects of trauma, abuse, and interpersonal violence on children and adults. The advocates also facilitate Domestic Violence support groups in both English and Spanish.

- **Sexual Assault Nurse Examiner (SANE)** - Specialized Nurse Practitioners are contracted to provide Medical Forensic Exams on victims of child or vulnerable adult abuse or neglect, domestic violence and sexual assault. The forensic evidence
gathered during these exams is critical to the successful prosecution of these violent crimes. In addition, these exams identify and treat injuries and sexually transmitted diseases, assess patient's emotional needs, and document history. In FY2017/2018 we provided 41 total SANE exams, including 2 strangulation exams and 2 physical abuse exams, a 32% increase over the previous fiscal year.

- **Mental Health Services** – Short term counseling is provided by contracted mental health professionals focusing on crisis management and treatment to meet the immediate emotional and psychological needs of victims. Counselors utilize YFAC’s play therapy room when working with children which has been an added benefit for victims this past year. For the year 2017/2018 we provided 661 total mental health sessions serving 176 individuals.

- **Forensic Interview Services** - YFAC provides private, comfortable forensic interview rooms that offer state-of-the art video and audio digital recordings, and interview monitoring to gather forensic evidence to assist in prosecution. For the year 2017/2018 we provided equipment and space for 251 Forensic Interviews and of this, 95% were children. 83% of these interviews were completed by one of YFAC’s Forensic Interviewers

- **Immediate access (24/7)** – LE, DCS, Mental Health professionals, Medical Practitioners, and Prosecutors are allowed security access to the Advocacy Center at any time. We utilize On-Call staff to provide assistance for these professionals, monitor and record interviews, and provide victim support.

- **Multidisciplinary Team Case Review and Case Tracking**- YFAC provides bi-weekly facilitation and participation with the multidisciplinary response team to conduct comprehensive reviews of current and ongoing cases. This ensures comprehensive support for victims and supports the investigation process.

Investigative benefits:

- Efficient and effective response to crime – Investigation time is minimized.
- Utilizes multidisciplinary expertise- The quality of the investigation is greatly improved.
- Ability to enhance Law Enforcement investigative evidence that builds stronger cases in response to perpetrators.

Prosecutorial benefits:

- Optimizes criminal justice resources for a victim which increases the likelihood of prosecutorial cooperation.
- Assists the County Attorney to conduct an aggressive prosecution and secure convictions.

Victim benefits:

- Reduces further trauma to victims and their families.
- Collaborative, non-duplicative response greatly minimizes system re-victimization for victims of interpersonal violence as well as help to alleviate the potential life-long consequences of child abuse.
- Helps to restore the family to a healthy unit with safety parameters that minimize the chance of perpetrator re-victimization.
YFAC also provides;

- **Yavapai County Child Abuse Investigation Protocol Trainings (YCAIP)** – YFAC provides regional and local department trainings for Law Enforcement and Department of Child Safety to cover information and revisions to the Yavapai County Protocols.

- **Mandatory Reporter Trainings (MRT)** – YFAC conducts trainings to provide professionals with the required education and information to help them make knowledgeable decisions when making suspected child abuse reports as required by their mandated reporter status. In FY 2017/2018 we provided 30 MRT trainings reaching 552 individual mandatory reporters in Yavapai County.

- The YFAC Director is Yavapai County’s Children’s Justice Coordinator. Funding from the Children’s Justice Act through the Governor’s office allows YFAC to conduct the above trainings at no cost to organizations.

YFAC is also a part of;

- **Yavapai County Child Abuse Abduction Response Team (YCCART)** – Led by the Yavapai County Sheriff’s Office, YFAC participates on this multi-jurisdictional, multi-professional team consisting of Law Enforcement, Search and Rescue, Victim Services and other affiliated professionals who provide a comprehensive investigation and response in the event of a missing child or child abduction. YFAC’s role is to provide support for families throughout the process.

- **Yavapai County Domestic Violence Fatality Review Team (YCDVFRT)** - YFAC’s Director Missy Sikora was appointed as Co-Chair of this Yavapai County Committee. The purpose of the committee is to complete an in-depth study of a domestic violence related fatality in order to make recommendations to improve system response to prevent and reduce domestic violence in Yavapai County.

- **Yavapai County Coordinated Community Response Team (YCCCRT)** - A committee comprised of area professionals who look at ways to reduce violence in our community. YFAC is an active participant with the CCRT as well as the two community awareness events, Take Back the Night/Candle Light Vigil in Prescott Valley and the No More Sexual Assault Awareness event in Prescott. Both of these events provide an opportunity for the voices of victims to be heard. YFAC is also involved in the Start by Believing Campaign Committee whose purpose is to change negative attitudes toward victims of sexual assault.

- **Yavapai County Child Fatality Review Team (YCCFRRT)** – YFAC’s Director Missy Sikora participates on the county’s team that reviews the cases of all children who have died in Yavapai County to improve the response to child fatalities, provide accurate information on how and why Yavapai county children are dying, and reduce the number of preventable child deaths.
• Yavapai County Multi-Disciplinary Sex Trafficking Task Force & Sexual Assault Response Team S.A.R.T. – A team comprised of representatives from multiple law enforcement agencies, adult probation, juvenile probation, fire department, lifeline ambulance, mental health professionals, SANE nurses, pharmacists, state agencies combating trafficking and other non-

3. Objectives:

• Enhance the advocacy services for victims of abuse and violence while reducing duplication of services among providers.
• Continue the enhanced partnerships among the professional entities toward the effective and efficient investigation and prosecution of family and interpersonal violence.
• Provide public education and facilitate/deliver training to allied professionals and staff.
• Assure the continued sustainability of the Yavapai Family Advocacy Center

4. Problems Anticipated:

No problems are anticipated with the delivery of services and the development of programs for the Yavapai Family Advocacy Center other than funding challenges. We continue to provide valuable services to Law Enforcement, Department of Child Safety, and the Yavapai County Attorney’s Office. We are grateful that PANT has been such a strong financial supporter of YFAC in the past, but we understand that due to a severe
downturn in funds available through RICO forfeitures in 2018, PANT is unable at this time to fund the same level of support for essential YFAC operations at this time.

We operate with high efficiency and a small staff of seven full-time and five On-Call staff to meet the needs of over seven hundred individuals per year. It is difficult for a non-profit to sustain flat funding when there are continuous increases in expenses. We are hopeful that we will see increases from our funding sources and are diligent in our search for new funding. In order for these critical services to exist, continued sustainability and upkeep through financial stability is essential and is advantageous to all if support is shared by all jurisdictions within Yavapai County. Elimination or a decrease in any of our funding sources would limit services available for victims and likely hinder joint investigations.

5. Population and Geographic Area:

The Yavapai Family Advocacy Center serves all individuals of interpersonal crime in Yavapai County. Based on 2015 census estimates, Yavapai County’s population was 222,255 which includes Prescott Valley at 42,197, Prescott at 41,899, Cottonwood at 11,818, Camp Verde at 11,155, Chino Valley at 11,137, Sedona at 10,388, Clarkdale at 4,240, Dewey Humboldt at 3,988, and Jerome at 456. The incorporated areas total 137,278 and the unincorporated areas total 84,977 estimated individuals. Yavapai County’s general population demographic estimates 80.6% White, 14.4% Hispanic, 1% African American, 2.2% American Indian, 1.1% Asian, and 0.1% Native Hawaiian and other Pacific Islander. Yavapai County is predominately rural and covers 8,125 square miles which encompasses 14% of the state of Arizona.

6. Need:

Availability of crisis intervention and advocacy shortly after disclosure of abuse is critical to a victim’s recovery process. Best practices for supporting victims suggest utilizing a multidisciplinary response that includes trauma informed trained advocates, mental health counselors, and medical practitioners. The National Center for Victims of Crimes state, “When victims do not receive the support and help they need after the crime, they may suffer "secondary" injuries. They may be hurt by a lack of understanding from friends, family, and the professionals they come into contact with, particularly if others seem to blame the victim for the crime”. (2008 by the National Center for Victims of Crime-http://victimsofcrime.org/help-for-crime-victims/get-help-bulletins-for-crime-victims/how-crime-victims-react-to-trauma). The National Children's Alliance suggests that “up-to-date information and ongoing support is critical to a child and family's comfort and ability to participate in intervention and treatment.” (National Children's Alliance Standards for accredited members 2011)

The Yavapai Family Advocacy Center is a Nationally Accredited Child Advocacy Center through the National Children’s Alliance. We follow a “Best Practice” approach when assisting families involved in interpersonal violence. We believe there is a great need for families in Yavapai County to have access to services that will help with the trauma they are experiencing. The 2004 Arizona State Plan on Domestic & Sexual Violence: A Guide for Safety and Justice in Arizona recommends to “Increase availability of family advocacy
centers and sexual assault service provider centers statewide" as the "best practice" model to respond to victims. Also, the Yavapai County Attorney’s Office (YCAO) recognizes the crucial role of the Yavapai Family Advocacy Center (YFAC) in treating child victims. According to the Yavapai County Child Abuse Investigation Protocols (YCCAIIP), 2012, it is recommended that DCS utilize YFAC for the investigation and assessment of cases of sexual abuse and cases of physical abuse that require a medical evaluation.

Similarly, YCCAIIP states, "...it is recommended that law enforcement utilize YFAC for the investigation of cases of sexual abuse and cases of physical abuse that require a medical evaluation." At the beginning of 2018, YFAC utilized the assistance of an intern to collect data from our partnering agencies. From CY 2016 to 2017 the Yavapai County Sheriff’s Office had a 27% increase in Sex Offenses involving children and a consistent number of Child abuse reports. Prescott Valley Police Department had a 30% increase in Sex Offense related reports from 54 in 2015 to 70 related offenses in 2017 (PVPD 2018). Over the past 8 years, the number of Domestic Violence incident calls to the Prescott Valley Police Department has increased by 49%, from 546 calls in 2009 to 815 calls in 2017 (pvaz.net 2018).

YFAC serves all of Yavapai County and support the efforts of all Law Enforcement jurisdictions. YFAC experienced a 1% increase in need for services from FY 2016/17 to FY 2017/18. Over the last 5 years, we provided direct services to an average of almost 600 victims annually. Last year alone, we served 765 individuals. Fluctuations are very typical in victim services. These types of victimizations appear to be increasing in our community, and may not necessarily be referred to the center by law enforcement.

From July 1, 2017 to June 30, 2018 we provided total direct services to 820 victims. Victims include:

- 429 (51.5%) Child sexual abuse
- 260 (31.2%) Domestic violence
- 79 (9.5%) Child physical abuse/neglect
- 43 (5.2%) Adult sexual assault
- 6 (.7%) Adults molested as children
- 1 (.1%) Stalking
- 1 (.1%) Elder Abuse
- 1 (.1%) Survivors of Homicide/Suicide
- 1 (.1%) Sex Trafficking
- 12 (1.5%) Other
- 833* (100%)

*Some victims may have more than one victimization type.

Availability of immediate advocacy and support for victims, both children and adult is very limited in our community. Yavapai County is considered mostly rural and lacks adequate
resources such as transportation and affordable housing for the large geographic area. We have two Native American Tribes and a 14.4% population of Hispanics who often require language specific and culturally sensitive services. We have a large aging population; 29.1% are over the age of 65.

Because sexual assault and domestic violence do not always occur during business hours, the Advocacy Center provides coordinated and immediate response for victims of crime 24/7. We have On-Call professionals who open the facility at any time for law enforcement and SANE nurses to respond to gather time sensitive evidence. Our On-Call staff are only compensated during the response time. There is no compensation for carrying the On-Call phone during their time On-Call. This is considered volunteer time.

7. Service to people of Yavapai County:

The Yavapai Family Advocacy Center (YFAC) serves all victims of interpersonal crime within Yavapai County. YFAC's primary focus is to provide comprehensive culturally competent advocacy and support services for victims of domestic violence, sexual assault and child sexual/physical abuse crimes. Services are outlined in section 2. In the provision of these services, the Center is available 24/7 to all Yavapai County Law Enforcement, Child Protective Services, County Attorney's office, and allied professionals for a coordinated, comprehensive, multidisciplinary investigation and prosecution of these crimes. By providing this space we are complying with Arizona state statutes, (A.R.S. 8-817) which requires a "joint investigation" by DCS and Law Enforcement for child abuse.

8. Source of Data

General demographic and outcome YFAC data is gathered from intake cases presented to the Advocacy Center from FY July 1, 2017 to June 30, 2018. Historically YFAC had entered data into an access database program called Thorough Assault Case Tracking (TACT) then obtains information through monthly summary reports. This system is out of date there is no longer technical support available to address system issues. As of April, 2018 YFAC obtained a new data tracking system called CAC Carenet that also allows monthly summary reports to be pulled.

9. Management – Organizational Chart:

In accordance with Protocol and job description, the Director of the Yavapai Family Advocacy Center (YFAC), Missy Sikora, is responsible for administration and oversight of the project. YFAC is a project of Prevent Child Abuse Arizona (PCA Arizona). The Executive Director of PCA Arizona is Rebecca Ruffner. PCA Arizona is a non-profit that has 501(c)3 status and is governed by a volunteer Board of Directors comprised of ten members and two Advisory Board members. Please see the attached list of the PCA Arizona Board of Directors and the PCAA organizational chart.
10. Cooperative Agreements:

Each local government within Yavapai County, including Chino Valley, provides a level of financial support for the Yavapai Family Advocacy Center. This level of support is based on the 2010 census populations of the governing jurisdiction which is assessed at forty cents per citizen. The 2010 census data for the population that falls under the Chino Valley Police Department's jurisdiction is 10,817. Multiplying the population by $.40, the total amount comes to $4,326.80. Our funding request from Chino Valley covers only 1% of our total operating budget of $451,668.

11. Diminish or Eliminate Duplication of Service:

The multidisciplinary response utilized at YFAC reduces duplication of services that often occurs using the traditional non-coordinated method of investigating crimes. Historically, multiple entities (Medical, DCS, Law Enforcement, Prosecutor, etc.) would each interview a victim requiring several recounts of their traumatic experiences. This required the victim to relive the event multiple times, creating re-traumatization experiences thereby re-victimizing the individual. This was also at great cost to each department and agency by expending time and travel costs to individually conduct interviews. The multidisciplinary team (MDT) approach and joint investigations allow for professional input while the single interviews are occurring as well as access to the interview recordings. Case review allows for input into the investigation along with case management and identification of community resources which helps to decrease the use of agency resources and time spent on cases. The one interview and MDT Case management approach greatly reduces additional trauma for the victim, represents best practices in the advocacy field and is a great cost savings to the investigative entities.

12. Economic Self-Sufficiency:

The Yavapai Family Advocacy Center provides a direct service to Yavapai County. The benefit that the Yavapai Family Advocacy Center offers to the cities, towns and county government of Yavapai is an essential service, provided at a very economical rate to those communities. Unlike other Family Advocacy Centers in Arizona, YFAC is only partially funded by governmental agencies. The Center is sustained through funding acquired by a combination of local, state, federal government grants, corporate grants, foundations, and through donations from individuals, and civic organizations. We have experienced flat funding for all other stable grants and community funding. Individual and corporate donations fluctuate depending on the economy. We continue to look for creative ways to engage the community for support such as new fundraisers, open houses, and community events to ensure the future viability of YFAC.
Additional:

The Yavapai Family Advocacy Center and Chino Valley Police Department have been working together since October of 2000. Each year the level of service provided by YFAC has increased. The Advocacy Center is proud to be located here, and pleased that the resources we offer to system professionals and citizens of Yavapai County are valued and utilized. We are committed to continue this work until each child in Yavapai County is assured the opportunity to grow up healthy and free from abuse.

Consideration and possible action to approve application from Gregory Collins for a Liquor License Permanent Extension of Premises for Danny B's Fish-N-Chips, located at 501 N State Route 89 in Chino Valley.

RECOMMENDED ACTION:
Approve application from Gregory Collins for a Liquor License Permanent Extension of Premises for Danny B's Fish-N-Chips, located at 501 N State Route 89 in Chino Valley.

SITUATION AND ANALYSIS:
Liquor Licenses are granted to specific establishments and only allows the alcohol to be served in a specified boundary of space as provided by the approved floor plan in the liquor license application. Pursuant to A.R.S. 4-207.01, any change to include additional space to a licensed premise requires an Application for Extension of Premises/Patio Permit to the Arizona Department of Liquor Licenses and Control, who also requests a recommendation from the local government body or its designate.

Danny B's currently holds a Series 12 Restaurant Liquor License. They have applied with the State Liquor Board to permanently extend their licensed premises an additional approx. 578 square feet to the north of the building.

The Police Department reviewed the application and recommended approval, conditioned upon the applicant correcting the application to correct an discrepancy between the application and floor plan, which the applicant subsequently corrected. Development Services reviewed the application and recommended approval with no further comments.

5) NEW BUSINESS

   a) Consideration and possible action to amend the Appointments Subcommittee Charter to specify Regular Meeting times.

   Ms. Lewis explained that the way the meeting frequency portion of the charter was written did not allow staff to designate regular versus special meetings. MOVED by Councilmember Mike Best, seconded by Mayor Darryl Croft (Chair) to accept the change as stated.

AYE: Mayor Darryl Croft (Chair), Councilmember Mike Best
PASSED - Unanimously

b) Review applications and make recommendation to the Town Council regarding appointments to the Board of Adjustment, Parks and Recreation Advisory Board, Roads and Streets Committee, Senior Center Advisory Board, Industrial Development Authority, and Municipal Property Corporation.

- **Board of Adjustment**
- **Parks and Recreation Advisory Board**
- **Roads and Streets Committee**
- **Senior Center Advisory Board**
- **Industrial Development Authority**
- **Municipal Property Corporation**

Further discussion was held regarding the following boards:

- **Industrial Development Authority** - Ms. Lewis pointed out that the term ending of 2022 for two of members of the Industrial Development Authority was in error and would be corrected to the year 2023.
- **Municipal Property Corporation** - Ms. Lewis recounted that Councilmember Jack Miller had been appointed to this Board only because there was a vacancy and no applicants. Mr. Miller has stated that if other persons were interested, he would prefer to be replaced. Members directed staff to contact Michael Ditta to see if he was interested in taking Councilmember Miller's place.

d) Report by Lorette Brashear, Director, Chino Valley Area Chamber of Commerce, regarding the recent Chino Valley Job Fair. (Cecilia Grittman, Town Manager)
Ms. Brashear introduced Katherine Anderson with Yavapai College, who reported that the February job fair had 55 business attending, 231 registered job seekers, and seven reported hires during the fair.

e) Presentation regarding a request for funding for the Yavapai Family Advocacy Center. (Chuck Wynn, Police Chief)

Chief Wynn related that Yavapai Family Advocacy Center (“the Center”) provided services for the public and the police department that included sexual assault exams, forensic interviewing, and counseling services.

Missy Sikora, Director of the Center, presented an overview of the organization's services. Key points were:

- The Center provided services to all victims of interpersonal crime, such as child abuse, sexual assault, domestic violence, sex trafficking, elder abuse, and stalking.
- 70-75% of the referrals came through law enforcement agencies throughout Yavapai County. The remaining referrals were from other agencies or self-referral.
- The organization was a non-profit and part of Prevent Child Abuse Arizona (PCAA). Becky Ruffner, the executive director of PCAA, was introduced.
- All services were free of charge to the victims. Funding came from federal, state and private grants. Local jurisdictions had also started funding the organization. An annual $125,000 in funding had also been received from PANT, but due to dwindling PANT funds, YFAC had decided to approach local communities for funding assistance.
- In 2018, services were provided to 887 victims, with 100 of them coming from the Chino Valley area.

Councilmember Perkins thanked the organization for its services. Mayor Croft stated that this would be placed on the next agenda.

3) CALL TO THE PUBLIC

Call to the Public is an opportunity for the public to address the Council on any issue within the jurisdiction of the Council that is not on the agenda. Public comment is encouraged. Individuals are limited to speak for three (3) minutes. The total time for Call to the Public may be up to 30 minutes per meeting. Council action taken as a result of public comment will be limited to directing staff to study the matter, scheduling the matter for further consideration and decision at a later date, or responding to criticism.

4) RESPONSE TO THE PUBLIC

Response to the Public is an opportunity for the Mayor to inform the public about how Town officials addressed matters raised during Call to the Public at a previous meeting.

5) CURRENT EVENT SUMMARIES AND REPORTS

This item is for information only. The Mayor, any Councilmember, or Town Manager may present a brief summary or report of current events. If listed below, there may also be a presentation on information requested by the Mayor and Council and questions may be answered. No action will be taken.
a) Status reports by Mayor and Council regarding current events.

c) Presentation of educational video produced by Arizona Clean Elections pertaining to the Town's May 21 Special Election. (Cecilia Grittman, Town Manager)

Ms. Grittman reported that Arizona Clean Elections had contacted the Clerk’s Office about doing a video on the upcoming ballot initiatives. Clean Elections, a State agency, had stated that the Town had a very transparent elections website and that there was a lot of information provided compared to other communities. The videos had been posted on the Town website. The group watched one of the three videos.

d) Update from the Police Department regarding distracted driving, the new State Law, and the Town’s Distracted Driving Ordinance. (Chuck Wynn, Police Chief)

Chief Wynn reported that:
- The governor signed a new law regarding distracted driving. Arizona towns and counties passing their own legislation had pressured the state into action.
- The Town and State ordinances were very similar, with the Town’s being slightly more restrictive, in that the State legislation allowed drivers to text at stop lights or railroad crossings. The State had postponed handing out citations until January 2021. In the interim, a warning could be written.
- The Town would be enforcing its law until 2021, but would be unable to cite the stricter Town regulations after the State's law was implemented. The Town will repeal its legislation in December 2020.

e) Report by Councilmember Mike Best, Chair of the 50th Anniversary Committee, regarding committee progress.

Councilmember Best reported that:
- The 50th Anniversary was September 21, 2020, with recognition to take place during the traditional Labor Day weekend celebrations.

- Committee meetings were held monthly at the Community Center.

f) Presentation and challenge by Kathy Frohock for Town employees to participate in the Green Bag Program that was presented during the April 23, 2019 Call to the Public. (Cecilia Grittman, Town Manager)

- The general public was encouraged to participate as well. Two contest months were scheduled for May and July.

b) Consideration and possible action to approve the Accountability Contract between the Town of Chino Valley and Yavapai Regional Transit, contributing $1,700.00 to support transporting children from the Paulden area to the Chino Valley Aquatics Center for the 2019 swim season. (Scott Bruner, Community Services Director)

**Recommended Action:** Approve the Accountability Contract between the Town of Chino Valley and Yavapai Regional Transit, contributing $1,700.00 to support transporting children from the Paulden area to the Chino Valley Aquatics Center for the 2019 swim season.

Mr. Bruner spoke about the pool opening and introduced Ron Romley, Chair and founder of Yavapai Regional Transit (YRT), who spoke about the transit system and the Paulden Plunge program:

- At the Arizona Transit Association's annual conference, YRT was awarded the Outstanding Rural Transit System of the Year for the State of Arizona.
- The 2019 Paulden Plunge was done in partnership with the Paulden Foundation, led by Terra McPherson and Jane Anderson. Last year they signed up 94 kids and this year they anticipated that many or more. This was the fifth year for the Paulden Plunge and they had approximately $3,000 in carryover funds. Last year, YRT and the Paulden Foundation gave the Town $1,182 in swimming pool entry sponsorship fees for the program.
- Sponsored donations for the year were down from previous years. The Kiwanis Club of Prescott donated $1,500 the previous year and would be donating the same amount for

Mr. Duffy presented key points of the proposed FY 2019/2020 budget:

- Last year, $25,525,000 was budgeted and $19,000,00 of those funds will be spent. Next year’s budget was up to $29,000,000 due to some significant capital projects.
- The general fund had a balance of over $573,000 due to an intake of more revenue and less expenditures than was budgeted. These funds would go into the reserve balance. All other funds also had a positive balance.
- A general fund proposal was to take $1.5 million and transfer it to capital improvement funds for capital projects to be determined at an upcoming meeting. The reserve fund balance after the $1.5 million transfer would still be over $5 million.
- The Council will have a budget review meeting and then adopt a tentative budget at the next Regular Council Meeting.

BACKGROUND

DISCUSSION

The Town of Chino Valley owns a substantial amount of land east of Jerome Junction. 200 acres of that Town owned land has been set aside for an employment base/Business Park as identified in the Land Use Element section of the General Plan. The land designated for the Business Park is made up of 5 separate parcels and combined make up 200 acres. In order to reach the Town’s vision to make this area into a Business Park, staff needs to initiate a zone change of the properties. Based on the Towns zoning regulations, the areas current PL (Public Land) zoning district’s permitted uses are not aligned with the type of uses the Town foressees for the Business Park. Having the right zoning classification will better facilitate the types of businesses the Town wants to attract and locate in the Business Park.

Staff’s original idea was to rezone the area to a PAD (Planned Area Development) overlay, primarily using the current PL zoning classification as the underlying zoning and adding some additional regulations to the district. When staff first initiated discussions of Old Home Manor, primary discussions were based upon the properties land use history and past project proposals not being aligned with the Towns current vision. With those discussions, staff concluded that it made more sense to design a new zoning district for the area. With the new zoning district, the Town will be able to locate all the Town’s desired land uses in one spot. The new zoning district will allow staff the ability to relay that information easily, the language will be clearly definable and easier to follow for potential renters who are interested in locating in the Business Park.

In the past Old Home Manor has been called an industrial park, a business park and has also been called a combination of the two. Staff will name the zoning district Business Park based on the desired land uses. The area has actually been renamed Chino Valley Regional Business Park at Old Home Manor.
BUSINESS PARK ZONING DISTRICT FRAMEWORK

Based on the feedback staff has received, the vision of the business park was not to locate businesses that are heavy industrial in use and that all activity be done indoor within an enclosed facility, except for permitted land uses: Indoor and outdoor sales of nursery stock and contractor yards.

Uses that staff had questions about or were not sure about are grouped in the Conditional Use Permit category, this way these proposals will have to go through Planning Commission and Council and depending on the project, additional conditions can be imposed.

There is a category of prohibited uses. Through our conversations staff received the message that these uses were not wanted in the park. It’s not to say these are the only prohibited uses, but these are the ones that came to mind that the Town did not want. If there was anyone who came back later and had a brand new idea for a prohibited use, that with new technology would allow him to do it in a better way, they would have to go to the public hearing process to get that use removed from the prohibited category.

DISCUSSION OF THE PROPOSED DRAFT ORDINANCE

On January 24th 2019, staff met with the steering committee that was assembled to help guide the development of Chino Valley’s Old Home Manor Business Park. Members of the committee were presented with a draft version of the proposed Business Park zoning district and together with staff went over the propose language. Staff received feedback from committee members as far as uses that would be allowed within the proposed zoning district. Based on the steering committee’s comments and suggestions staff revised the document to reflect the committee’s vision and desires for the Business Park. (SEE APPENDIX A: “BP” BUSINESS PARK zoning district draft)

CITIZENS REVIEW & PUBLIC HEARING PROCESS

Staff notified all residents within Chino Valley through public notification. To date, staff has not received any comments or emails from residents.

The neighborhood meeting was held on February 25, 2019 at the Community Center. There was one resident who attended the meeting. The resident lives near Old Home Manor and was for the adoption of the proposed zoning district. He hopes the propose zoning district will attract new businesses to the area.

PLANNING COMMISSION HEARING AND RECOMMENDATION

The Planning and Zoning Commission meeting was held on May 7, 2019 at Town Hall. Staff gave a brief overview of the draft text for the proposed BP zoning district. Staff noted that there were a few revisions made to the text after staff presented the item to the Commission as a study session item.

The Commissioners discussed several of the uses that were allowed and prohibited and is such uses needed to be modified. Staff explained that there were some minor additional landscaping and architectural design standards requirements for this zone.

Planning and Zoning Commission forward a recommendation of approval to Town Council with the following modifications:
1. Add item 8. *veterinary clinic and animal hospitals with outside open area* to Section C. Conditional Uses
2. Add item 9. *Commercial outdoor kennels* to Section C. Conditional Uses

BACKGROUND

SITE DESCRIPTION
The subject property is located north of Perkinsville Road and directly east of Jerome Junction. The property is accessed by North Jerome Junction. The site has a zoning classification of PL (Public Land) and identified with a Land Use Designation of Employment Park/ Commercial Recreation/ Education/ Public Services. Currently there are no improvements on the site. (See Attachment 1: Vicinity Map)

The area is predominantly lower density single family residential development, public land and commercial development further west. The properties directly north are zoned AR-4 (Agricultural Residential-4 Acre Minimum) with a public services and vacant land. To the east, properties are zoned PL (Public Land) with Yavapai College and Chino Valley Equestrian Park. The south properties are zoned PL (Public Land) and are currently vacant. To the west, properties are zoned I (Industrial), CL (Commercial Light) and CH (Commercial Heavy) with vacant land and commercial properties. (See Attachment 2: Zoning Map)

PROJECT DESCRIPTION
The Town of Chino Valley owns a substantial amount of land east of Jerome Junction. 200 acres of that Town owned land has been set aside for an employment base/Business Park as identified in the Land Use Element section of the General Plan. The land designated for the Business Park is made up of 5 separate parcels and combined make up 200 acres. In order to reach the Town’s vision to make this area into a Business Park, staff needs to initiate a zone change of the properties. Based on the Town’s zoning regulations, the areas current PL (Public Land) zoning district’s permitted uses are not aligned with the type of uses the Town foresees for the Business Park. Having the right zoning classification will better facilitate the types of business the Town wants to attract and locate in the Business Park. The Town is proposing to rezone 200 acres of land to the new BP (Business Park) zoning district.

CITIZENS REVIEW & PUBLIC HEARING PROCESS
Town Staff notified property owners within a 300’ radius, resulting in eleven (11) notices for the neighborhood meeting and public hearings. To date, staff has not received any email or comments from any property owners.

The neighborhood meeting was held on February 25, 2019 at the Community Center. There was one resident who attended the meeting. The resident lives near Old Home Manor and was for the adoption of the proposed zoning district. He hopes the propose zoning district will attract new businesses to the area.

PLANNING COMMISSION HEARING AND RECOMMENDATION
The Planning and Zoning Commission meeting was held on May 7, 2019 at Town Hall. Staff gave a brief overview of the parcel history and staff findings. Staff discussed the goals set by the General Plan for the OHM and the designation of a business park. Staff further stated that the request for the rezone would be the first step in achieving the General Plan goal.
The Commission wanted clarification on what arterial streets the development would be accessed by and wanted clarification on what curtain buildings were being used for in the general area.

Vote: 7-0 Passed

**STAFF ANALYSIS AND RECOMMENDATION**

The zoning request of BP (Business Park) will be in conformance with the areas General Plan land use designation of Employment Park/ Commercial Recreation/ Education/ Public Services. (See Attachment 3: General Plan Map) The Land Use Element section of the General Plan (page 13 and 14) discuss future growth areas in the eastern portion of Town. Among these future growth areas is the East Perkinsville Road Gateway/ Regional Connector Extension, OHM (Old Home Manor) is located within this growth area. This section of the General Plan provides direction on the future uses OHM may contain. The subject property is identified as an Industrial park/employment base, on west 200 acres. The Business Park zoning classification will allow the Town to meet these goal set by the General Plan.

The new BP (Business Park) zoning district will allow the Town to take a step forward in attracting the type of uses and businesses that were foreseen during the adoption of the General Plan. The Business Park development standard will the Town to regulate any business that is located at Chino Valley Regional Business Park at Old Home Manor.

The site will have access by way of two main arterial street by way of East Perkinsville Road or East Perkinsville Road. The Business Park will be connected to Town utilities, an existing 12” gravity main and a 12” water main both located along Jerome Junction. The Town business park will need to abide by all Business Park zoning district development standards including perimeter landscaping and screening.
