The work is known as and is hereinafter referred to as the Road 1 East Low Water Crossing Improvements Project and is generally described as follows: Complete construction of the Low Water Crossings and associated infrastructure on Gheral Brownlow Drive and East Road 4 ½ South, in accordance with the Contract Documents. The full scope of work is described in detail in the Contract Documents.

1.2 CONTRACTOR shall complete, provide and perform, or cause to be performed, all work in a proper and workmanlike manner, with appropriate consideration for public safety and convenience, consistent with the highest standards of professional and construction practices and in full compliance with, and as required by or pursuant to, this Contract, and with the greatest economy, efficiency, and expediency consistent therewith all as more particularly described in the Contract Documents.

2.0 CONTRACT TIME

2.1 CONTRACTOR shall submit to TOWN, on or before the effective date of this Contract, a Critical Path Method (CPM) Construction Progress Schedule in Primavera compatible format, resource and cost loaded, indicating the times for starting and completing the various stages of the Work, including any Milestones specified in this Contract and as more fully described in the General Conditions and other Contract Documents. Revisions/updates to the CPM schedule shall be submitted to accurately reflect plans for completion of the work, but no less frequently than monthly.

2.2 Time is of the Essence. All of the time limits for Milestones, if any, for Substantial Completion and for Final Completion and readiness for final payments as stated in the Contract Documents, are of the essence for the Contract.

2.3 The Work shall be substantially complete within 60 working days after the date when the Contract Time commences to run as provided in the Notice to Proceed, and all Work shall be finally completed and ready for final payment in accordance with the Notice to Proceed within 75 working days after the date when the Contract Time commences to run.
2.4 Failure of CONTRACTOR to perform any covenant or condition contained in the Contract Documents within the time periods specified herein, shall constitute a material breach of this Contract entitling TOWN to terminate the Contract unless CONTRACTOR applies for and receives an extension of time, in accordance with the procedures set forth in the Contract Documents.

2.5 Failure of TOWN to insist upon the performance of any covenant or condition within the time periods specified herein, shall not constitute a waiver of CONTRACTOR’S duty to perform every other covenant or condition within the designated periods, unless a specific waiver is granted in writing for each such covenant or condition.

2.6 TOWN’s agreement to waive a specific time provision or to extend the time for performance shall not constitute a waiver of any other time provisions contained in the Contract Documents. Failure of CONTRACTOR to complete performance promptly within the additional time authorized in the waiver or extension of time agreement shall constitute a material breach of this Contract entitling TOWN to all the remedies set forth herein or provided by law.

3.0 LIQUIDATED AND SPECIAL DAMAGES

3.1 It is hereby agreed that the amounts per day set forth herein in paragraph 3.1.1 are reasonable estimates of such liquidated damages and that said amounts do in fact bear a reasonable relationship to the damage that would be sustained by TOWN, and CONTRACTOR agrees to pay such liquidated damages as herein provided.

3.1.1 TOWN and CONTRACTOR recognize that time is of the essence for this Contract and that TOWN will suffer financial loss, in addition to and apart from the costs described in Paragraph 3.2, if the Work and/or portions of the Work are not performed and completed within the times specified, plus any extensions thereof allowed in accordance within the Contract Documents. TOWN and CONTRACTOR also recognize the delays, expense, and difficulties involved in proving, through legal or arbitration proceedings, the actual loss suffered by TOWN if the Work or portion of the Work is not completed on time. Accordingly, instead of requiring any such proof, TOWN and CONTRACTOR agree that as liquidated damages for delay (but not as a penalty) CONTRACTOR shall pay TOWN Four Hundred Thirty dollars and no cents ($430.00) [or liquidated damages per MAG Section 108.9] for each working day that expires after the time specified for substantial completion, until the Work is substantially complete. After Substantial Completion, if CONTRACTOR neglects, refuses or fails to complete the remaining Work within the Contract Time or any proper extension thereof granted by TOWN, CONTRACTOR shall pay TOWN Four Hundred Thirty dollars and no cents ($430.00) [or liquidated damages per MAG Section 108.9] for each working day that expires after the time specified for Final Completion and readiness for final payment.

3.2 Special Damages: In addition to the amounts provided for liquidated damages, CONTRACTOR shall pay TOWN the actual costs reasonably incurred by TOWN for TOWN’S PM/CM, if applicable, the Project Engineer and for engineering and inspection forces employed on the Work for each working day that expires after the time specified for Final Completion,
including any extensions thereof made in accordance with the Contract Documents, until the Work is finally complete. The rate for inspection services for this contract is $70.00 per hour. The rate for the work by the Project Engineer for this Contract is $150.00 per hour. The rate for work by TOWN is $80.00 per hour. Each of these hourly rates is calculated at time and one half for work required to be performed during other than normal business hours.

3.3 TOWN may withhold and deduct from any payment due to CONTRACTOR the amount of liquidated damages, special damages, and other costs, such as CONTRACTOR’S failed testing costs or damages to other TOWN property, from any moneys due CONTRACTOR under the Contract.

4.0 CONTRACT PRICE

TOWN shall pay CONTRACTOR for completion of the Work in accordance with the Contract Documents, an amount in current funds not to exceed the sum of One Hundred Forty Three Thousand Two Hundred Fifty Seven dollars and no cents ($143,257.00) as more specifically set forth in CONTRACTOR’S bid, and any additional amounts agreed to pursuant to valid Change Order, approved by TOWN.

AGENDA ITEM TITLE:
Consideration and possible action to review and approve Arizona Municipal Risk Retention Pool Fourth Amended and Restated Membership Agreement. (Laura Kyriakakis, Human Resources Director)

RECOMMENDED ACTION:
Approve the Arizona Municipal Risk Retention Pool Fourth Amended and Restated Membership Agreement.

SITUATION AND ANALYSIS:
The Town of Chino Valley has been a member of the Arizona Risk Retention Pool (AMRRP) since August 1989. The AMRRP's Fourth Amended and Restated Membership Agreement (Membership Agreement) allows the Town to participate in the AMRRP, and it establishes the authority for entering into the joint contract to purchase insurance. Coverage is addressed by a separate Property and Liability Coverage Agreement (Appendix A) and a Workers' Compensation Coverage Agreement (Appendix B). Currently the Town of Chino Valley has Property and Liability Coverage through AMRRP.

This Membership Agreement does not contain many changes. The changes that did take place include 1) A new provision that imposes a three year waiting period after termination of coverage before a member can rejoin the AMRRP; 2) A Risk Management Program which assists the member in developing risk management policies and procedures. (Links to "Best Practices" are provided to assist in the development and review of our policies); and 3) Other changes which are administrative cleanup. The Town's attorney has reviewed the Membership Agreement and they do not have any substantive legal concerns with it.

ARIZONA MUNICIPAL RISK RETENTION POOL
FOURTH AMENDED AND RESTATED MEMBERSHIP AGREEMENT

1. **Parties.** The parties to this Fourth Amended and Restated Membership Agreement (the “**Agreement**”) are the Arizona Municipal Risk Retention Pool, an Arizona nonprofit corporation (the “**Pool**”), and ________________ (the “**Member**”), a political subdivision of the State of Arizona.

2. **Recitals.** This Agreement is based upon certain understandings and in furtherance of certain objectives:

   2.1. **WHEREAS,** A.R.S. § 11-952.01 permits two or more public agencies (as defined in A.R.S. § 11-951) to enter into contracts or agreements to purchase insurance jointly or to pool retention of such public agencies' property, liability and workers’ compensation risks, and to jointly form a nonprofit corporation to carry out such purposes on behalf of the public agency members of the nonprofit corporation directly or by contract with a private party; and

   2.2. **WHEREAS,** the Pool is administered by an administrator (the “**Administrator**”) designated by the Board of Trustees of the Pool (the “**Board**”); and

   2.3. **WHEREAS,** the Member desires to enter into this agreement to:

      2.3.1 pool retention of the Member's risk for property, liability and casualty losses with that of other cities, towns or other political subdivisions of the State of Arizona that are members of the Pool and to provide for the payment of such losses or claims; and/or

      2.3.2 provide for the payment of workers’ compensation claims made against other cities, towns or other public agencies of the State of Arizona that are members of the Pool and to provide for the payment of such claims;

NOW, THEREFORE, the Pool and Member agree as follows:

3. **Coverage and Participation.**

   3.1. The Pool shall offer coverages for property, liability and workers’ compensation. The procedure for making claims for such losses against the Pool, the means and procedures for defending against such claims, the persons or entities to be indemnified by the Pool, the limitations and exclusions on coverage, and various other matters necessary or appropriate to the functioning of the Pool in connection with property and liability losses are more particularly described in a coverage agreement to be negotiated between the Member and the Pool and attached hereto as Appendix A, and incorporated by this reference (the “**Property and Liability Coverage Agreement**”). The effective date of the Property and Liability Coverage Agreement (the “**Property and Liability Coverage Effective Date**”) shall be set forth in the Property and Liability Coverage Agreement. The procedure for making claims in connection with coverage for employees of the Member as required for a self-insured employer pursuant to A.R.S. § 23-961 (as may be amended), the means and procedures for defending
against such claims, the persons or entities to be compensated by the Pool, the limitations and exclusions on coverage, and various other matters necessary or appropriate to the functioning of the Pool are more particularly described in the coverage agreement to be negotiated between the Member and the Pool and attached hereto as Appendix B and incorporated by this reference (the “Workers’ Compensation Coverage Agreement”). The effective date of the Workers’ Compensation Coverage Agreement (the “Workers’ Compensation Coverage Effective Date”) shall be set forth in the Workers’ Compensation Coverage Agreement. The Property and Liability Coverage Agreement and the Workers’ Compensation Coverage Agreement shall be referred to collectively as the “Coverage Agreements.” The Property and Liability Coverage Effective Date and the Workers’ Compensation Coverage Effective Date shall be referred to collectively as the “Coverage Effective Dates.”

3.2. The terms of this Agreement, the Property and Liability Coverage Agreement and the Workers’ Compensation Coverage Agreement may be amended by majority vote of the Board, provided that any amendment to this Agreement, the Property and Liability Coverage Agreement and the Workers’ Compensation Coverage Agreement shall become effective upon a date designated by the Board after first giving the Member at least thirty (30) days’ prior written notice thereof. Notwithstanding the foregoing, the Board may, without prior notice to the Member, amend the Property and Liability Coverage Agreement and the Workers’ Compensation Coverage Agreement if the amendment does not decrease or materially change the insurance coverage available to the Member including, but not limited to, incidental or grammatical amendments that do not decrease insurance coverage available to the Member.

4. Term and Renewal. Insurance coverage under this Agreement shall be effective as set forth in each Coverage Agreement and shall be automatically renewed (for each Coverage Agreement) unless terminated pursuant to Section 5 of this Agreement.

5. Termination of Agreement.

5.1. With Cause. The Board may at any time during the term of this Agreement or any extensions thereof suspend or terminate coverage for (i) nonpayment of the Membership Fees or any other breach by the Member of the terms of this Agreement; or (ii) the failure to satisfy underwriting requirements established by the Pool. In such case, coverage shall be suspended or terminated, and membership shall be terminated pursuant to Section 8 of this Agreement.

5.2. Without Cause. Insurance coverage under this Agreement may be terminated by the Pool or the Member by written notice of termination given at least ninety (90) days prior to the anniversary of the Property and Liability Coverage Effective Date (in the case of the Property and Liability Coverage Agreement) or at least ninety (90) days prior to the anniversary of the Workers’ Compensation Coverage Effective Date (in the case of the Workers’ Compensation Coverage Agreement). For example, if the Member has entered into both a Property and Liability Coverage Agreement and a Workers’ Compensation Coverage Agreement, coverage under either Coverage Agreement may be terminated by either party without cause by written notice of termination given at least ninety (90) days prior to the anniversary of the applicable Coverage Effective Date. Terminating coverage under one Coverage Agreement without cause pursuant to this Section 5.2 does not necessarily terminate
coverage under the other Coverage Agreement. The Board may in its sole and absolute
discretion, and only in the event of extraordinary circumstances demonstrated by the Member,
grant the Member a thirty (30) day extension of coverage under the Property and Liability
Coverage Agreement or the Workers’ Compensation Coverage Agreement on such renewal
terms and conditions that are submitted to the Member by the Administrator for the next
succeeding renewal year, prorated by the Administrator for the thirty (30) day extension period.
Any extension granted pursuant to this Section 5.2 shall not change the Coverage Effective Date
for the applicable Coverage Agreement or the term of this Agreement and any renewals thereof.

5.3. Termination of Coverage. This Agreement shall terminate and the
Member shall cease being a member of the Pool upon the termination of all coverage under the
Coverage Agreements. Upon such termination, the terminated Member may not apply to rejoin
the Pool for a period of three (3) years after the date of termination.

5.4. Distribution of Assets On Termination. In the event the Member shall
terminate this Agreement for any reason, or in the event the Board shall terminate this
Agreement pursuant to Section 5.1 and Section 8 of this Agreement, the Member shall thereupon
forfeit any and all rights to the return of any surplus, unearned contributions, or other legally
permitted distributions from the Pool.

5.5. Effect of Termination. Notwithstanding the termination of this
Agreement, following the date of termination a Member shall (i) cooperate fully with the
Administrator in connection with the resolution of covered claims; and (ii) cooperate and assist
the Administrator and any claims adjuster or legal counsel retained by the Pool.

6. Termination of the Pool. Notwithstanding any other provision hereof, the Pool
may be terminated at such time as the Board determines (by a vote of at least two-thirds of the
number of Board members then serving on the Board at a duly called meeting of the Board at
which a quorum is present) that the number of members of the Pool or the size of the Pool is too
small to provide coverage against the risks specified in the Property and Liability Coverage
Agreement and the Workers’ Compensation Coverage Agreement. Any termination pursuant to
this Section 6 shall not be effective until the Board shall have given each member of the Pool at
least twelve (12) months' written notice.

7. Membership Fees. The Property and Liability Coverage Agreement and the
Workers’ Compensation Coverage Agreement shall each set forth the fees for the coverages
selected by the Member (collectively, the “Membership Fees”). The Membership Fees shall be
based on sound underwriting criteria as recommended by the Pool's actuary and the
Administrator. The Member agrees to furnish the Administrator all available data regarding
exposures and loss experience of the Member necessary to calculate Membership Fees. The
Member shall pay its total Membership Fees to the Pool in cash pursuant to a payment plan
established by the Board.

8. Suspension. In the event the Member (i) fails to pay its Membership Fees as
specified herein; (ii) fails to comply with any of the other terms of this Agreement; or (iii) fails
to satisfy underwriting requirements established by the Pool, the Board may, if such failure is not
cured after ten (10) days’ written notice, terminate the Member’s coverage under the applicable
Coverage Agreement. The date of such termination shall be referred to as the “Coverage Termination Date.” Notwithstanding such termination of coverage, the Member shall retain its rights to the return of any surplus or other distributions from or assets of the Pool for a ninety (90) day period (the “Ninety Day Reinstatement Period”) following such notice by the Pool. To retain this right, the Member must notify the Pool in writing during the Ninety Day Reinstatement Period of the Member’s election (the “Reinstatement Election”) to reinstate coverage by delivering to the Pool a payment in an amount equal to any outstanding Membership Fees and otherwise curing the failure giving rise to the termination of coverage. Upon the Pool’s receipt of such payment and evidence documenting that the Member has cured the failure giving rise to the termination of coverage, together with such underwriting data and other information as the Pool may reasonably request, and provided that the Administrator determines (in the exercise of the Administrator’s sole and absolute discretion) that the reinstatement of coverage is appropriate based on sound business judgment, loss control and underwriting criteria, and loss experience during the Ninety Day Reinstatement Period (or applicable portion thereof), coverage under the applicable Coverage Agreement will be reinstated, effective as of the Coverage Termination Date. If the Member fails to provide the Pool the Reinstatement Election (together with such documentation, data and other information as required pursuant to this Section 8) during the Ninety Day Reinstatement Period, or if the Member provides the Reinstatement Election (together with such documentation, data and other information as required pursuant to this Section 8) during the Ninety Day Reinstatement Period and the Member’s coverage reinstatement is denied pursuant to this Section 8, upon the expiration of the Ninety Day Reinstatement Period and the Member no longer has coverage under both Coverage Agreements, the Member shall cease to be a member of the Pool and shall lose all rights as a member of the Pool including (without limitation) the right to return of any surplus or other distributions from or assets of the Pool and coverage under any Coverage Agreement. In the event of such termination, the Member shall be relieved of any liability for ordinary Membership Fees under Section 7 for fiscal years after the year of the Member’s termination. The Member’s liability for additional assessments shall continue to the extent provided in Section 9 below.

9. **Assessment.** The Member shall be subject to assessment pursuant to A.R.S. § 11-952.01(M), as may be amended, and the terms of such statute are incorporated by reference. The amount of such assessment may not exceed the amount of the Member's annual Membership Fees to the Pool for the year in which the assessment is made or (if the Member has withdrawn from the Pool) for the last year that the Member was a member of the Pool. The amount of each assessment and a description of the manner of calculating the same shall be provided to the Member in writing (the “Assessment Notice”), and the Member shall pay such assessment pursuant to the terms and conditions of the Assessment Notice. The Member shall remain liable for assessments for liabilities of the Pool incurred during the Member's period of membership in the Pool, notwithstanding the Member's withdrawal from participation in the Pool or the termination of this Agreement.

10. **Inspection and Audit.** The Administrator or any other designee of the Pool shall be permitted, but shall not be obligated, to inspect the Member's properties and operations at any time. Neither the Administrator's right nor any such designee's right to make inspections nor the making thereof shall constitute an undertaking on behalf of or for the benefit of the Member or others to determine or warrant that such properties or operations are safe or are in compliance with any law or rule.
10.1. The Administrator or any other designee of the Pool may examine and audit the Member's financial and administrative records that relate to the subject matter of this Agreement at any time during the period of this Agreement is in effect and within five (5) years after the termination of this Agreement.

10.2. The Pool shall be audited annually at the expense of the Pool by a certified public accountant, and a copy of the report shall be submitted to the Board, the Member, and the Arizona Department of Insurance. The Board shall obtain an appropriate actuarial evaluation of the claim reserves of the Pool including, an estimate of the incurred but not reported claims and shall maintain claim reserves equal to known incurred losses and an estimate of incurred but not reported claims, as determined by the Board.

11. Risk Management. The Member shall maintain a program of risk management in substantial conformance with the Risk Management Program for Members, a copy of which is attached hereto as Appendix C and incorporated by this reference (the “Risk Management Program”). The Member acknowledges, understands and agrees (i) that the Risk Management Program is simply recommendations concerning the minimum standards that should be adopted by each member of the Pool, (ii) that to be effective, a risk management program must be tailored to the specific requirements of each member of the Pool, (iii) that the Pool makes no representation or warranty that the Risk Management Program is sufficient or adequate to meet the specific requirements of the Member, and (iv) that it is the Member's sole responsibility to modify the Risk Management Program to meet the specific requirements of the Member.

12. Subrogation. In the event a recovery is obtained against a third party pursuant to the right of subrogation set forth in the Property and Liability Coverage Agreement and the Workers’ Compensation Coverage Agreement, such recovery shall first be applied to the costs of recovery, and the balance, if any, shall be apportioned between the Pool and the Member in proportion to their respective losses from the occurrence giving rise to such recovery.

13. Conformity with Law. In the event any term or provision of this Agreement shall be in conflict with the laws and statutes of the State of Arizona as they now exist or are hereafter amended, this Agreement shall be automatically deemed amended to conform to such laws and statutes.

14. Authorized Representatives; Prompt Reply. The Pool and the Member shall each designate a representative authorized to act on each of the respective parties' behalf in all matters pertaining to this Agreement.

There are no covenants, promises, agreements, conditions or understandings either oral or written between the Pool and the Member other than set forth herein and in the Appendices hereto.
16. **Liability.** The Pool, the Board and the Administrator shall have no obligation to pay or defend claims except from the funds in the Pool, and no liability pursuant to this Agreement and any Appendix hereto except to disburse funds in the Pool in accordance with the terms of this Agreement. The obligation of the Pool is to indemnify the Member against such liability as required by the Property and Liability Coverage Agreement and the Workers’ Compensation Coverage Agreement, and only to the extent there are funds in the Pool for such indemnification.

AGENDA ITEM TITLE:
Consideration and possible action to approve the Intergovernmental Agreement for Election Services between the Yavapai County Board of Supervisors, Yavapai County Recorder, and the Town of Chino Valley for utilizing County election services, effective July 18, 2018 and remaining in effect until terminated.  (Jami Lewis, Town Clerk)

RECOMMENDED ACTION:
Approve the Intergovernmental Agreement for Election Services between the Yavapai County Board of Supervisors, Yavapai County Recorder, and the Town of Chino Valley for utilizing County election services, effective July 18, 2018 and remaining in effect until terminated.

SITUATION AND ANALYSIS:
Most municipalities in Arizona contract with their respective counties for certain election services. Only a few of the largest cities find that wholly conducting their own elections are cost-effective. The Town has contracted with the County for elections services for many years. The last IGA was entered into in 2014 and periodic updates are routine as state law and county policies change.

On May 31, Yavapai County informed the Town that they are terminating the current election services IGA with the Town, as it needed updating per newly required legal language and county policy. They have asked for the Town to approve the new IGA prior to June 30, as the Board of Supervisors will be approving the new IGAs on July 18. The Town has the option to enter into the modified agreement or decline County services. As the long-standing arrangement with the county has been successful over the years, staff recommends entering into the new agreement. A list of the services the County provides is in Exhibit 1 of the IGA, and Town obligations are in Exhibits 1 and 2.

Fiscal Impact:
Fiscal Impact?: Yes
If Yes, Budget Code: 01-42-5285
Available:

**Funding Source:**
Fiscal impact occurs only during a Town election. Funds are budgeted in the Town Clerks budget.

Attn: Jami Lewis, Town Clerk
Via email to jlewis@chinoaz.net

Dear Jami Lewis,

This letter is to notify you that Yavapai County has modified the Intergovernmental Agreement for Election Services. Enclosed is the new Election Services Agreement, which updates all necessary legal language and expands your ability to apply for a discounted election services rate.

This letter further serves to notify you that your existing contract is terminated in accordance with section 8a of the current agreement.

If you wish to have your elections conducted by Yavapai County Elections & Voter Registration, please return the attached Agreement to my office no later than June 30, 2018. These new agreements need to be approved and signed by the Yavapai County Board of Supervisors at their July 18, 2018, meeting in order to be in effect for the upcoming Primary Election in August.

This will be the only opportunity for your jurisdiction to enter into an agreement for election services with Yavapai County for the 2018–2019 election cycle. We will not consider election agreements again until the 2020 election cycle.

If you choose to decline our services, please email web.elections@yavapai.us by June 30, 2018.

Sincerely,

Lynn A. Constabile
Elections Director

Intergovernmental Agreement for Election Services
THIS INTERGOVERNMENTAL AGREEMENT FOR ELECTION SERVICES (this “Agreement”) is entered into by and between the YAVAPAI COUNTY BOARD OF SUPERVISORS and the YAVAPAI COUNTY RECORDER (collectively the “COUNTY”) and ____________________________, (the “JURISDICTION”). The COUNTY and the JURISDICTION may each be referred to individually as a “Party” or “party” and collectively as the “Parties or “parties.”

WHEREAS, pursuant to A.R.S. §§11-952, 15-302(A)(7) and (A)(8), 16-205(C), 16-225, or 16-408(D), the governing body of any election district authorized to conduct an election may enter into an agreement with a County Board of Supervisors and County Recorder for election services with the contracted cost of such election to be a charge against the election district; and

WHEREAS, the COUNTY is willing to provide election services to election districts wishing to conduct vote-by-mail elections, but, with the exception of state primary and general elections, will not provide election services to districts wishing to conduct vote center elections unless a vote center election is expressly required by state or federal statute; and

WHEREAS, the JURISDICTION wishes to enter into an agreement with the COUNTY for the provision of elections services subject to the terms and conditions set forth herein,

NOW, THEREFORE, THE PARTIES AGREE AS FOLLOWS:

1. Provision of Election Services. The COUNTY hereby agrees to provide election services to the JURISDICTION for all consolidated election dates set forth by A.R.S. §16-204 during the effective term of this Agreement. This Agreement shall apply to all categories of elections including, but not limited to, primary, general, and special elections. Services to be provided by the COUNTY, and those that remain the responsibility of the JURISDICTION, are set forth in the Elections Task Schedule attached to this Agreement as Exhibit 1.

2. Limitation on Eligible Elections. It is understood and agreed that the services to be provided pursuant to this Agreement shall be provided exclusively for vote-by-mail elections with the exception of state primary and general elections and elections expressly required by state or federal statute to be conducted at vote centers. It shall be the responsibility of the JURISDICTION to establish the legal basis for a requirement that an election is required by state or federal statute to be conducted at vote centers. The COUNTY may, in its sole discretion, decline to provide services for any election that it concludes is not required to be conducted at vote centers. The COUNTY will not provide services for exclusively vote-by-mail elections during the state primary and general elections, or any special election called by the legislature, which requires vote centers.

3. Cancellation of certain elections. As provided in A.R.S. §16-410, if the number of candidates is less than or equal to the number to be elected, the Yavapai County Board of Supervisors may cancel the election for the position and appoint the person(s) who filed the nominating petition/paper to fill the position(s). The COUNTY shall place all such races on a Yavapai County Board of Supervisors agenda for approval of cancellation unless written notice is received by the County Officer in Charge of Elections on or before 90 days before the election.

a. Fees. The JURISDICTION shall compensate the COUNTY for election services provided pursuant to this Agreement in accordance with the fees set forth in the most current fiscal year Election/Voter Registration section of the Yavapai County Special Districts Fee Schedule (the “fee schedule”) posted online at www.yavapai.us/sd/. The fee schedule is for base services only. Any additional services required by the JURISDICTION will result in additional charges. Additional services include, but are not limited to, the following: court preparation, court appearances, supplemental mailings, recounts, or any service which will cause the COUNTY to incur increased costs or expenses. In the event that additional services are requested, the JURISDICTION should refer to unit and hourly pricing information as set forth on the fee schedule. The COUNTY reserves the right to adjust election service fees annually or otherwise at any time during the effective term of this Agreement notice of which will be posted on the COUNTY’s website. Revised fee schedules will supersede prior fee schedules and be incorporated into this Agreement at the time of revision.

b. Late Fees. Payment in full for all costs associated with the provision of services pursuant to this Agreement shall be made no later than 30 days following the date of the election. In the event that the required payment is not made by the due date deadline specified herein, the COUNTY shall impose a late charge of 2% of the unpaid balance for each 30-day period or portion thereof following the specified deadline for which any portion of the required payment, including unpaid late charges, remains unpaid.

c. Termination. Failure to make payments as required by this Section shall be deemed a material breach of this Agreement and shall be grounds for termination of this Agreement pursuant to Section 8 of this Agreement.

5. Discounts. The COUNTY has established a discounted fee rate for JURISDICTIONS that provide assistance, meeting sites free of charge or rent, or other services for COUNTY-administered elections.

☐ The JURISDICTION has elected to decline to receive discounted rates.

☐ The JURISDICTION has elected to receive these discounted rates subject to the terms and conditions set forth herein and will provide the service indicated below.

a. Services the JURISDICTION Will Provide. The JURISDICTION and the COUNTY agree that the following two checked services will be provided by the JURISDICTION as consideration for the COUNTY’s provision of election services at the discounted rates as set forth in the Special Districts Fee Schedule posted online at www.yavapai.us/sd.
JURISDICTION will provide Services  
(share 2)  

☐ The JURISDICTION agrees to serve as a ballot drop-off site for any election that the COUNTY requests. In order to provide this service, it must be mutually agreed that the JURISDICTION currently has or could potentially have an outside ballot drop box on its property as supplied by the COUNTY. By checking this box, the JURISDICTION agrees to all duties as outlined in Exhibit 2.  

☐ The JURISDICTION agrees to provide one vote center or training site at no charge for any statewide or countywide election cycle. Vote centers and training sites are subject to review by the COUNTY.  

☐ The JURISDICTION agrees to provide a second vote center or training site at no charge for any statewide or countywide election cycle. Vote centers and training sites are subject to review by the COUNTY.  

☐ The JURISDICTION agrees to provide three poll workers for the Primary Election and three poll workers for the General election. A poll worker must be a registered voter in Yavapai County and be able to perform any of the following duties: voter check-in, ballot distribution, voter assistance, equipment setup, and/or poll worker supervision. Such workers will be trusted employees of the JURISDICTION who are eligible to serve as poll workers. Poll workers will receive from the COUNTY the normal compensation for the position worked.  

☐ The JURISDICTION agrees to provide one Election Day Technician (EDT) for the Primary Election and one EDT for the General Election. An EDT must be a registered voter in Yavapai County and be able to provide information technology support to poll workers. Such workers will be trusted employees of the JURISDICTION who are eligible to serve as EDTs. EDTs will receive from the COUNTY the normal compensation for the position worked.  

b. Advance Notice. The COUNTY hereby agrees to provide the JURISDICTION with at least 30 days notice of any election where the services agreed to above are required.  

c. Discounted Fee Rates; Adjustment of Fees. The COUNTY hereby agrees to provide election services to the JURISDICTION at the discounted fee rate for all consolidated election dates during the effective term of this Agreement. This Agreement shall apply to all categories of elections including, but not limited to primaries, generals, and special elections. The COUNTY reserves the right to adjust election service fees and discounts annually or otherwise at any time during the effective term of this Agreement notice of which will be posted on the COUNTY’s website. Revised schedules will supersede prior schedules and be incorporated into the Election Services Agreement in effect at the time of revision. Failure by the JURISDICTION to provide the agreed-upon services selected under this Agreement shall result in the discounted fee rate being null and void.
6. **Conduct of Elections.** While the COUNTY will use its best efforts to provide election services pursuant to this Agreement in a capable and competent manner, it shall ultimately be the responsibility of the JURISDICTION to confirm that all legal requirements have been met and that all other activities related to a given election are carried out as required. Upon request, the COUNTY will provide to the JURISDICTION, in advance, all forms, schedules, documents, and other information pertaining to each election conducted pursuant to this Agreement for the JURISDICTION’s review and approval. The JURISDICTION may provide to the COUNTY all informational materials or other election-related documents generated by the JURISDICTION for review by the COUNTY prior to the distribution of such materials or documents.

7. **Term of Agreement.** The initial term of this Agreement shall expire on December 31, 2019. Thereafter, this Agreement shall be automatically renewed for successive one-year terms and shall continue in full force and effect until terminated as provided herein.

8. **Termination**

   a. **Unilateral Termination.** This Agreement may be terminated by either Party upon 30 days written notice to the other Party of intent to terminate and specifying the termination date, provided, however, that this Agreement may not be unilaterally terminated by either party within 90 days of the date of an election for which the COUNTY would otherwise be providing services pursuant to this Agreement. Any termination of this Agreement shall not relieve the JURISDICTION of its responsibility for costs incurred prior to the effective date of the termination.

   b. **Termination by Mutual Agreement.** This Agreement may be terminated at any time by mutual agreement of the Parties.

   c. **Termination for Breach.** In the event of a breach of any term or condition of this agreement, the Party claiming breach shall provide written notice to the other Party specifying the factual basis for the claim that a breach has occurred. If the breach is not remedied within fifteen (15) days after notice is mailed to the Breaching Party at the address provided herein, the Non-breaching Party may terminate this Agreement without further notice.

9. **Conflict of Interest.** This Agreement is subject to the cancellation provisions of A.R.S. §38-511, the pertinent provisions of which are incorporated into this Agreement by reference.

10. **Non-appropriation of Funds.** The parties recognize and acknowledge that the COUNTY and the JURISDICTION are governmental entities and this Agreement’s validity is based upon the availability of public funding. In the event public funds are not appropriated for the performance of either or both parties’ obligations under this Agreement, then the COUNTY or the JURISDICTION, as appropriate, shall notify the other party in writing of any such non-allocation of funds at the earliest possible date, and this Agreement shall automatically expire without penalty to either party. If the COUNTY’s or the JURISDICTION’s allocation of funds are reduced, then the scope of this Agreement may be reduced, if appropriate, or this Agreement may be cancelled without further duty or obligation.
11. **Non-Discrimination.** The Parties shall comply with the Office of the Arizona Governor Executive Order 2009-09, which mandates that all persons, regardless of race, color, religion, sex, age, national origin or political affiliation, shall have equal access to employment opportunities, and all other applicable State and Federal employment laws, rules and regulations, including the Americans with Disabilities Act. The Parties shall take affirmative action to ensure that applicants for employment and employees are not discriminated against due to race, creed, color, religion, sex, national origin, or disability.

12. **E-Verify; Government Procurement.** The Parties hereby warrant that they will, at all times during the term of this Agreement, comply with all federal immigration laws applicable to the employment of their respective employees and with the requirements of A.R.S. §§ 23-214 and 41-4401 (together the “state and federal immigration laws”). A breach of the foregoing warranty shall be deemed a material breach of this Agreement and the party who breaches may be subject to penalties up to and including termination of this Agreement.

The Parties further agree to ensure that each subcontractor that performs any work under this Agreement likewise complies with the state and federal immigration laws at all times during the term of this Agreement.

The Parties retain the legal right to inspect the papers of any contractor or subcontractor in order to verify such party’s compliance with the state and federal immigration laws.

13. **Workers’ Compensation.** For purposes of workers’ compensation, an employee of a party to this Agreement, who works under the jurisdiction or control of, or who works within the jurisdictional boundaries of another party pursuant to this specific intergovernmental agreement, is deemed to be an employee of both the party who is his primary employer and the party under whose jurisdiction or control or within whose jurisdictional boundaries he is then working, as provided in A.R.S. §23-1022(D). The primary employer party of such employee shall be solely liable for payment of workers’ compensation benefits for the purposes of this section. Each party herein shall comply with the provisions of A.R.S. §23-1022(E) by posting the public notice required.

14. **Indemnification.** To the fullest extent permitted by law, each Party (as “Indemnitor”) agrees to indemnify, defend, and hold harmless the other Party, its departments, officers, officials, agents, and employees (collectively “Indemnitee”) without limitation from and against any and all claims, damages, losses, liabilities, fees, fines, costs, or expenses (including, but not limited to, attorney fees, court costs, and cost of appellate proceedings) relating to, arising from, resulting from or alleged to have arisen from or resulted from this Agreement. Indemnitor’s duty to defend, indemnify, and hold harmless Indemnitee shall arise in connection with any and all claims, damages, losses, liabilities, fees, fines, or expenses, that are attributable to bodily injury, personal injury, sickness, disease, death, or damage to, or destruction of tangible or intangible property including the loss of use therefrom caused in whole or in part by any act, error, mistake or omission of Indemnitor, its departments, officers, officials, employees, agents, vendors, subcontractors or anyone for whose acts Indemnitor may be liable. Indemnitor agrees to waive all rights of subrogation against Indemnitee. The obligations under this Paragraph shall survive the termination of this Agreement.
15. **Property Disposition Clause.** The parties do not anticipate the joint acquisition of property attributable to the exercise of each party’s duties and obligations pursuant to this Agreement. Any property acquired during the term of this Agreement shall be returned to the purchasing party no more than thirty (30) calendar days from the effective date of termination of this Agreement.

16. **Insurance.** The parties shall maintain appropriate insurance. Certificates of Insurance shall be provided to a party upon request.

17. **Governing Law.** This Agreement shall in all respects be interpreted and construed in accordance with and governed by the laws of the State of Arizona. Any changes in governing laws, rules, and regulations that do not materially affect this Agreement will apply during the term of this Agreement and will not require an amendment.

18. **Material Change in Law or Regulation.** In the event of adoption of legislation, regulations, or instructions or the initiation of an enforcement action by a governmental agency, any of which materially affects the legality of this Agreement or the relationship among the parties hereto, either party may propose amendments to this Agreement to bring this Agreement into conformity with such laws. If the parties are unable to reach agreement on the renegotiation of this Agreement within thirty (30) days of the initiation of negotiations, then either party may terminate this Agreement upon written notice to the other party.

19. **Compliance with Law.** The parties shall comply with all applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities in performing this Agreement, including environmental laws.

20. **Alternative Dispute Resolution.** Pursuant to A.R.S. § 12-1518, disputes under this Agreement may be resolved through the use of arbitration.

MINUTES OF THE STUDY SESSION
OF THE TOWN COUNCIL OF THE TOWN OF CHINO VALLEY

TUESDAY, MAY 15, 2018
6:00 P.M.

The Town Council of the Town of Chino Valley, Arizona, met for a Study Session in the Chino Valley Council Chambers, located at 202 N. State Route 89, Chino Valley, Arizona, on Tuesday, May 15, 2018.

Present: Mayor Darryl Croft; Councilmember Mike Best; Councilmember Corey Mendoza; Councilmember Jack Miller

Absent: Vice-Mayor Lon Turner; Councilmember Cloyce Kelly; Councilmember Annie Lane

Staff Present: Town Manager Cecilia Grittman; Public Works Director/Town Engineer Frank Marbury; Development Services Director Jason Sanks; Customer Service Manager JoAnn Brookins; Administrative Technician Kathy Frohock (videographer); Deputy Town Clerk Vickie Nipper

1) CALL TO ORDER; ROLL CALL

Mayor Croft called the meeting to order at 6:15 p.m.

2) Presentation by Water Consultant Mark Holmes and discussion regarding long term storage credits and access to the Town's water portfolio. (Frank Marbury, Public Works Director)

Water Resources Consultant Mark Holmes presented on the following topics:

Terms

- Reclaimed, Effluent, Recycled Water – Water that has been treated for reuse.
- Wastewater – Water within the sewer collection system not yet treated.
- Acre-Foot (AF) of water – One acre of land one-foot-deep with water; 325,851 gallons; enough water to serve 3.5 - 4.5 homes for a year.

Water Resource Types and Availability

- Renewable water supplies – Water supplies that were renewed on an annual basis. There are basically two available types of water supplies within the Prescott Active Management Area (AMA):
  - Surface water: Chino Valley did not have any surface water rights.
  - Reclaimed or “recycled” water: The Town was currently creating this renewable water supply through its collection, treatment and recharge (CTR) system whereby wastewater is collected and treated at the Old Home Manor (OHM) Reclamation Facility and recharged back into the aquifer. This renewable water supply will continuously increase as the CTR system and the Town grow.
- Non-Renewable supply (Groundwater) – A finite quantity of water. The Town has various
quantities through various types of rights. These will need to be discussed in more detail at a later time. Once they are allocated, the rights are gone.

Long Term Storage / Underground Storage Facility
Banking water in Arizona has occurred since the late 1980s when laws were created to encourage recharge activity. The only three types of water supplies that can be recharged and banked are Central Arizona Project water, in-state surface water, or reclaimed water. The Town is receiving credits for reclaimed water.

Currently, the Town is treating about 297 AF (nearly 96.7 million gallons) of wastewater per year at the OHM Reclamation Facility and recharging about 284 AF (92.5 million gallons) per year of water within the OHM Recharge Facility. The Arizona Department of Water Resources (ADWR) tracks the total amount of these credits banked for future use, similar to a bank savings account, which can be saved for certain uses or for assured water supply purposes.

Ownership of Reclaimed Water
Per Supreme Court case Arizona Public Service Co. v. Jon F. Long (1989), the law clarified that whoever generates and treats wastewater and produces reclaimed water owns it, even if that entity is not the water provider.

Review of Current Water Portfolio Access Ordinance/Resolutions
Ordinance 04-578:

- § 51.040 – Addresses the Town’s right to make water, effluent rights, and credits available for purchase only for a platted subdivision.
- 51.035 – Provides for non-residential commercial water users to lease water credits.
- 51.036 – Provisions for residential subdivisions assured water supply. Certificates can take up to and over a year to obtain.
- 51.037 – Gives minimum criteria for allocation of water credits to development for a 100-year assured water supply and requirements for water delivery system.
- 51.038 – Addresses development non-performance and forfeiture of water rights.

Resolution 05-763 – Sets the rate of $25,000 per AF for a 100-year assured water supply from reclaimed credits, retired irrigation grandfathered rights, or other water rights within the AMA.

Resolution 06-801 – Sets the rate of $45,000 per AF for a 100-year assured water supply for historically irrigated acres (HIA) outside the AMA, which water is located in Wineglass Acres.

Conclusions

- The Town was creating an assured water supply through the CTR system and should continue to bank its reclaimed water supplies.
- The Town, at its discretion, may make available certain assured water supplies; i.e. effluent water credits, for purchase or lease for residential or non-residential development.
- Currently, there is no criteria that clarifies who qualifies for access to the Town’s water portfolio.
- Certain requirements must be met if a development is granted access to the Town’s water portfolio.
- Development must perform in accordance with the Town’s timeframes or risk forfeiture of its water allocation.
Recommendations for Policy Discussion

- Consider establishing development criteria for those whom the Town would prefer to access its water portfolio.
- Re-examine access fees to determine if they are still in line with capital improvement plans today.
- Encourage staff and Council to discuss establishing criteria for whom would get access to water, and develop a new policy.
- Consider creating increased water efficiencies or enhanced water conservation that would allow the very limited water supplies to be stretched further.
- Consider benefits of expanding sewer connections.
- Consider benefits of importing HIA water supplies.

Council and Mr. Holmes further discussed:

- **Recharge in the Town:** Public Works Director Marbury believed the Town was treating a little more water than it was pumping, since it was treating water from other water companies. Mr. Holmes added that while water in the Town’s aquifer was being pumped by the Town, Prescott, and private utilities, only the Town was putting water back in and getting credits.

- **Access fees:** Subdivisions were required to acquire a certificate of 100-year assured water supply through either the Town’s supplies or another water provider. The Town’s $25,000 access fee was for the whole 100 years. HIA water was costlier because the infrastructure to get that water to the Town will take substantial capital.

- **Little Chino Aquifer:** Mr. Holmes explained that Prescott was pumping from Chino, but its recharge facility was in Prescott. Prescott also received credit for surface run-off into lakes and rivers. Prescott Valley also moved its wells to the Little Chino Aquifer to get better water, but only the Town was recharging water into this aquifer. This was most likely why the water table was dropping and he believed the aquifer was in overdraft. The Town should consider moving its wells to OHM and there was an overall need to manage it better.

- **Package plants and recharge:** Mr. Holmes related that package plants can recharge, but it was up to ADEQ and required a permit. The Town could require it, but it would only be cost effective if the package plant was to run for a long period of time. Mr. Marbury reported that per the Town Code, aside from rezoning or a development agreement, package plants were not allowed, although development agreements in the past allowed for them temporarily. If needed as an interim solution, staff could negotiate as to who would operate the plant and who would own the credits.

Mr. Marbury told Council that developers were now asking the Town about recharge credits. Staff needed education on the laws and direction from Council as to who should be offered Town water; i.e. residential versus commercial and general policy of access, so staff would not waste developers’ time.

Council preferred that:

- Staff schedule a mini-retreat on these items;
- Staff provide different scenarios with regard to different sizes of businesses, from OHM industrial to mom and pop commercial businesses, and small to large subdivisions; as well as development that did not require an assured water supply, such as a large apartment complex.
- Staff make a recommendation for AF price.
Presentation and discussion regarding Code Compliance regulations, direction and priorities for the coming fiscal year. (Jason Sanks, Development Services Director)

Mr. Sanks reported that during the last retreat, Council and staff discussed code compliance issues with regard to property maintenance and zoning use violations. Due to lack of staffing, code compliance was more reactionary and primarily addressed residential violations, leaving commercial compliance un-addressed. Council asked staff for a plan to address these matters.

To start, Mr. Sanks compared code compliance cases during the last two quarters. In 4th Quarter 2017, weeds were 70%, storage 13%, and miscellaneous 17%. In 1st Quarter 2018, weeds were 36%, outdoor storage 10%, and miscellaneous 54%. With the monsoon coming, weeds and tumbleweeds will increase significantly.

Mr. Sanks and Customer Service Manager Brookins presented facts, challenges, and options/recommendations and led discussion on the five discussion points from the retreat.

1. Funding for vacant property abatement

   ● **Facts:** Cases were neighbor-driven. Last year, staff had 15 cases wherein there was no response to the complaint. Most of these cases were on lots rather than acreages. As they posed a safety issue, the Town felt obligated to act. It cost $100 per acre to mow and mowers will not do small jobs.
   
   ● **Challenges:** It was hard to obtain estimates for garbage abatement, as there have been only a couple severe cases and staff had difficulty finding contractors to give an estimate. Ultimately, these would be addressed through liens.
   
   ● **Options/recommendation:** Staff estimated it would take $5,000 for active abatement of these properties.

Council and staff discussion:

   ● **Standards:** Staff was currently working with the town attorney on criteria and standards. Measures such as grass height, mow strips, and the like could be established through the property maintenance ordinance. Staff needed Council direction regarding measures and property thresholds, such as focusing on larger highway areas rather than residential.
   
   ● **Seasonal issues:** Monsoon season had to be assessed from a safety and fire danger perspective and addressed differently.
   
   ● **Property owner cooperation:** Processes could be different for non-responsive owners versus those who tried to work with the Town, but lacked the resources to respond, such as length of time given for compliance. Non-vacant properties needed to be addressed differently, as well.

Council comment: Mayor Croft noted that he received several complaints per month. Council generally supported staff’s recommendation.

2. Debris violators

   ● **Facts:** Debris could be garbage and weeds. The Town held bi-annual clean up campaigns at a total cost of $30,000. It cost $15 to take garbage to Paulden transfer station.
   
   ● **Challenges:** Staff desired a program that was cost reasonable and effective.
   
   ● **Options/recommendation:** Other jurisdictions had offered a voucher program to assist
violators with a financial need. The question was whether or not the Town would create willful violators of the code with such a program. Staff estimated this would cost up to $3,000 per year.

Council and staff discussion:

- **Property owner cooperation:** A voucher would be a soft step to obtain compliance. Staff often talked with folks and tried not to be heavy-handed, but it was sometimes necessary. Violators who just did not care would be prosecuted.

- **Clean up campaign options:**
  - **One-year campaign:** They could use one-time construction sales tax dollars to provide large rolloffs several times throughout the year to get ‘caught up’, then go back to the status quo.
  - **Rolloffs in neighborhoods:** Experience with this in other entities resulted in more garbage being dumped on the site than would fit in the bins, requiring more time to clean up; people still dumping after the rolloffs were gone; loose garbage being dumped at night; and the neighborhoods not wanting to do it again.
  - **Rolloffs in a single location for a month:** In some places this worked better, but the Town did it once at OHM and it was a mess. Whether in neighborhoods or a single location, the Town would need to control the site.
  - **Periodic municipal waste pickup:** This would be helpful for those who could not help themselves. Staff did not know how much funding would be needed. Staff would need to assess issues for isolated people and will need input from the Public Works Director.

- **Resources and costs:** The Town could offer to assist folks without transportation. Staff will need to review budgetary requirements to expand the program. If Council opted for a one-year concentrated campaign, they could consider doing it on a contract basis. It was more appropriate for town staff if clean up days were more spread out. Staff would desire to do a soft-touch campaign for the commercial clean up to get word out.

- **Home beautification program:** Incentive programs had worked in other communities, such as cash awards, and before and after recognition.

Council comment: Mayor Croft suggested looking at quarterly pickups and costs.

3. **Weed abatement—size threshold.** This was not discussed separately.

4. **Second Code Compliance Officer for commercial properties**

- **Facts:** Staff was hearing about and seeing more code issues along highway frontage, such as yard debris, illegal tattered signs, and the like.

- **Challenges:** The current Code Compliance Officer was beyond capacity with just residential properties. The significant uptick in new development was stretching staff’s overall capacity as well.

- **Options/recommendation:** Staff desired to explore the possibility of hiring a temporary employee for one year and then reevaluating during the next budget cycle. It would be helpful if said employee could work Saturdays and Sundays, when needed.

Council comment: Council agreed that there were too many properties out of compliance and they supported the recommendation for a temporary employee.

5. **Improving code compliance enforcement process**
• **Facts:**  Currently, violations were processed through the Court.
• **Challenges:**  State requirements made the Court process cumbersome.
• **Options/recommendations:**  Staff and the town attorney were looking into removing the process from the Court, except for cases of non-compliance with the citation, and using an administrative hearing officer. The Town had used this process in the past and would speed it up. The hearing officer would be someone on staff, such as a police officer.

Town Manager Grittman summarized Council’s preferences:

• Residential cleanup campaign for next year;
• Tightening down standards for consistent application;
• Hiring someone to focus on commercial properties; and
• Draft development standards for the highway that were different than off-the-highway and highway versus residential.

4) **ADJOURNMENT**

MOVED by Councilmember Jack Miller, seconded by Councilmember Mike Best to adjourn the meeting at 7:34 p.m.

Recommended Action: Postpone this item to the June 12, 2018 Regular Council Meeting per the applicant's request.

Mr. Sanks reported that the applicant, who was unable to attend tonight, had asked for a postponement until June 12. Staff supported that request.

MOVED by Vice-Mayor Lon Turner, seconded by Councilmember Mike Best to postpone item 7a until June 12, 2018 Regular Meeting.

Vote: 6 - 0 PASSED - Unanimously
(i) Consideration and possible action to adopt Resolution No.18-1120, for a Minor General Plan Amendment to change the land use designation of approximately 9.49 of 15.9 acres of real property generally located approximately 0.25 miles west of the northwest corner of North Road 1 West and West Road 4 North intersection at 1460 West Road 4 North from Medium Density Residential land use designation to Commercial/Multi–Family Residential land use designation.

(ii) Consideration and possible action to adopt Ordinance No. 18-848 to rezone 15.9 acres from CL/MR-PAD (Commercial Light/Multi-Family Residential with a Planned Area Development overlay) to 6.42 acres of SR-1 and 9.49 acres of CL (Single Family Residential–1 acre minimum and Commercial Light, respectively); and rezone the remaining 59 acres from AR-5 (Agricultural/Residential-5 acre minimum) to SR-1. Owner: La Vacara Trust (Jason Sanks, Development Service Director)

**Recommended Action:**
(i) Adopt Resolution No.18-1120, for a Minor General Plan Amendment to change the land use designation of approximately 9.49 of 15.9 acres of real property generally located approximately 0.25 miles west of the northwest corner of North Road 1 West and West Road 4 North intersection at 1460 West Road 4 North from Medium Density Residential land use designation to Commercial/Multi–Family Residential land use designation.

(ii) Adopt Ordinance No. 18-848, to rezone Assessor's Parcel Nos. 306-05-030R, 306-05-031V and 306-05-031T, approximately 75 acres of real property as follows: 15.9 acres from CL/MR-PAD to 6.42 acres of SR-1 and 9.49 acres of CL; and the remaining 59 acres from AR-5 to SR-1, with the conditions as recommended and discussed.

**Minor General Plan Amendment**
Mr. Sanks reported that when this property was rezoned several years ago to Commercial/Multi-Family Residential, the General Plan Land Use Map should have also been amended prior to the rezoning approval, but it was not. When the owners initiated the current rezoning case, staff spoke with them about taking this opportunity to clean up the map.

MOVED by Vice-Mayor Lon Turner, seconded by Councilmember Mike Best to approve 7b item (i) to adopt to adopt Resolution No.18-1120, for a Minor General Plan Amendment to change the land use designation of approximately 9.49 of 15.9 acres of real property generally located approximately 0.25 miles west of the northwest corner of North Road 1 West and West Road 4 North intersection at 1460 West Road 4 North from Medium Density Residential land use designation to Commercial/Multi–Family Residential land use designation.

**Vote: 6 - 0 PASSED - Unanimously**

**Rezone**
Mr. Sanks presented on the rezone request:

- **History:** In 2015, Council approved Multi-Family Residential (MR-1) zoning with a Planned Area Development (PAD) overlay on a portion of the subject property near the Windmill House, but the proposed development was not initiated.
- **Current condition:** Other than the MR-1 PAD, the remainder of the subject property was zoned AR-5.
- **Proposal:** The owner desired to downzone some of the commercial area to SR-1, leaving only 6.4 acres of the event center as commercial, and rezoning all the AR-5 to SR-1. The proposed project will consist of 52 total one-acre lots.
Infrastructure: Water would be provided by Appaloosa Water. The lots would use septic tanks, as there was no sewer line nearby. The subdivision would have two points of access.

Recommendation: The Planning and Zoning Commission recommended approval with conditions related to water, sewer, streets, sidewalks, drainage, and grading. Further discussion was needed on sidewalks and a request for a wall on two lots. Due to concerns about noise and lights impacting two neighboring properties, neighbors asked for a six-foot wall across two of the lots. Staff recommended that the ordinance be modified to specify the two lots. Staff also recommended removing the MR-1 zoning since none was being proposed.

Staff and Council discussed the following in more detail:

Wall: A wall was not required for the whole development as walls were not typically required for larger lot subdivisions and residents of large lots had not asked for them in the past.

Site plan condition: Council could attach the site plan to the ordinance, but it could still be changed afterwards. Council had less latitude with a straight rezoning than they did with a PAD. However, with a straight rezoning, all the conditions of the Code would apply. Council could impose nominal conditions to mitigate negative impacts through the zoning case process.

Public comment:

Wayne Moyer, resident, spoke in favor of the wall, as the proposed development’s property line was within 25 feet of his buildings and the wall would keep his property from depreciating.

Robert Schoon, resident, spoke in favor of the wall, as walls had been used in cases when new development impacted existing residences, the current landscaping buffer was not being well maintained and would not block noise and light, and the wall will not require maintenance.

Tony Cordovana, representing the applicant, stated that the current landscaping was planted 15-20 years ago before anyone lived there. The developer will be required to develop a landscape plan and they believed that they could address the concerns of the residents with a mix of fencing and landscaping, and changing the angle of the driveway. As such, they requested that the wall stipulation be removed from the Ordinance and the issue be addressed through the plat approval process.

Council and staff discussion:

Wall stipulation: While something might be needed to protect the two existing lots, the wall might not be the only option. They discussed retaining the stipulation for a wall in the ordinance versus addressing it during the plat phase. Town Attorney McGuire advised that, while the Town could stipulate conditions up though the building permit phase, the Town’s discretion was greatest during the rezoning phase. Mr. Sanks added that staff initially did not recommend the wall. The Commission added it as a stipulation due to public response. If Council desired to strike the requirement in the ordinance, but their intent was to continue to work with the neighbors, they could stipulate that staff will continue to work to straighten the roadway and enhance landscaping to mitigate impacts of traffic, light, and noise.
• Sidewalks stipulation: This requirement matched the Town’s street standards and should be retained.
• Generally: While Council supported SR-1 zoning, there were some concerns to address going forward.

MOVED by Vice-Mayor Lon Turner, seconded by Councilmember Mike Best to adopt Ordinance No. 18-848, to rezone Assessor's Parcel Nos. 306-05-030R, 306-05-031V and 306-05-031T, approximately 75 acres of real property as follows: 15.9 acres from CL/MR-PAD to 6.42 acres of SR-1 and 9.49 acres of CL; and the remaining 59 acres from AR-5 to SR-1, with the conditions as recommended and discussed, except for the portion that requires a six-foot wall across 600 feet and have the applicant work with Development Services to use some type of fencing and landscaping to provide a barrier for light and sound.

c) Consideration and possible action to adopt Ordinance No. 18-849 rezoning Assessors Parcel No. 306-21-004C, approximately 5.71 acres of real property generally located approximately 1,000 feet west of the northwest corner of West Road 1 North and North Road 1 West at 1190 West Road 1 North, from AR-5 (Agricultural Residential–5 acre minimum) zoning district to SR-1 (Single Family Residential–1 acre minimum) zoning district. Owner/Applicant: Charles & Debbie Harper. (Alex Lerma, Associate Planner)

Recommended Action: Adopt Ordinance No. 18-849 rezoning APN 306-21-004C, approximately 5.71 acres of real property addressed as 1190 West Road 1 North, from AR-5 zoning district to SR-1 zoning district.

Mr. Lerma presented on this item:
• Proposal: The owner proposed to split the property into three parcels. Legal access would be through a 50-foot easement abutting Poco Lane. There was an issue with regard to power lines, but the owner was working with APS on it. The middle acre would have two points of access, while the two one-acre parcels would have one each.
• Current condition: The property contained a single family residence, guest home, and workshop. Its General Plan designation was medium density residential. Most of the surrounding properties were zoned SR-1.
• Public comment: During the neighborhood meeting, most of the discussion revolved around a description of the proposal. During the Planning and Zoning Commission public hearing, there was a question about the split creating a landlocked parcel. Mr. Lerma clarified that the 50-foot easement would provide access to all three parcels.
• Recommendation: The Commission and staff recommended approval.

MOVED by Vice-Mayor Lon Turner, seconded by Councilmember Mike Best to adopt Ordinance No. 18-849 rezoning APN 306-21-004C, approximately 5.71 acres of real property addressed as 1190 West Road 1 North, from AR-5 zoning district to SR-1 zoning district.

BACKGROUND

SITE DESCRIPTION

The subject property is located approximately 1,000 feet south of the southwest corner of East Road 2 North and North Road 1 East at 784 North Road 1 East. The property is accessed by North Road 1 East. The site is identified with an AR-5 (Agricultural Residential-5 Acre Minimum) zoning district under the Town of Chino Valley UDO (Unified Development Ordinance). The parcel has a General Plan Land Use Designation of Commercial/ Medium Density Residential and Major Community/ Downtown Core under the Town of Chino Valley General Plan Potential Land Use Map. Existing improvements on the property include a 1802 sq. ft. single family residence, 5,000 sq. ft. work shop and three (3) accessory structures. (See Figure 1. Aerial Map)
In 1996, Daniel L McGee applied for a change in zoning on Assessor’s Parcel Number 306-23-007B from the then zoning district of AR (Agricultural/Residential) to CM-1 (Commercial/Light Manufacturing) to allow for the operation of a water well drilling and pump service business, to include the maintenance of equipment, as allowed in conjunction with the residential use of the property. The intention was to locate his water well drilling business and his personal residence on the same site. The business at the time would consist of the storing of vehicles, machinery and supplies needed to conduct business and also allowing for their maintenance.

The CM-1 zoning district at the time was intended to provide for and encourage, commercial and manufacturing facilities that would be attractive in appearance and not cause an inconvenience to adjacent districts. The majority of the CM-1 zoned properties were abutting State Route 89 and were bound by C-1 zoned properties. Staff at the time concluded that the CM-1 zoning was not considered a favorable zoning district in the immediate area although the General Plan at the time designated the area for high intensity uses.

Although surrounding property owners were in favor of the request, the Commission expressed reservations regarding any potential future uses of the property once the rezoning was in place. To lessen the impact the CM-1 zoning would have on surrounding properties the attorney at the time recommended the applicant apply for a CUP on the AR zoning district.

On December 2, 1996 Town Council approved Ordinance No. 297 granting a conditional use permit for the operation and maintenance of a well drilling business consisting of storage of vehicles, machinery and supplies in the AR zoning district with the condition that the use permit would be granted for a five (5) year period effective upon adoption of the Ordinance. The Commission forwarded a recommendation of approval to Town Council. **Vote: 7-0 Passed - Unanimously**
The item was originally scheduled to go before Town Council on May 22, 2018. The applicant put in a formal request for the item to be rescheduled for the scheduled June 12 Town Council meeting. A new notification was sent out to the public with the items new Town Council hearing date on May 27th.

**PROJECT DESCRIPTION**

The purpose of the application is to renew an expired Conditional Use Permit (CUP) issued by the Town of Chino Valley upon the approval of Ordinance No. 297 on December 2, 1996. Since that time, McGee Well Drilling has been operating at this location without incident.

McGee Well Drilling is a family-owned and operated well drilling and pump repair service. The site includes a 50 X 100 structure that houses the administrative office, parts and equipment storage, and their work consist of repairing pumps, pipe, and related materials. Vehicles are stored on-site in close proximity to the building and are generally naturally screened from public view by native vegetation; they are parked behind the single family residential dwelling to lessen any visual impact they may have on surrounding properties. *(See Exhibit A: Site Plan)*

Outdoor storage includes pipe/well casings and other related materials. These items are kept neatly stacked and, as with the trucks, screened from public view by structures on the site and natural vegetation found along the periphery of the property.

Mr. McGee recently inherited the property from his father and was unaware that the business was operating under an expired CUP. It is his intent to continue to operate the business as it has been since 1996.

**SURROUNDING PROPERTIES ZONING AND LAND USES**

The area is predominantly made up of a mix of commercial and residential areas. The properties directly north have a zoning district of State (State Land) and is currently vacant. To the west, properties are zoned I (Industrial), State, and AR-4 (Agricultural Residential- 4 Acrs Minimum). Directly west of the parcel is currently vacant, further west properties are vacant. To the south properties are zoned SR-1 (Single-Family Residential- 1 Acre Minimum) and STATE, these areas are currently vacant and undeveloped. To the east, properties are within Yavapai County’s jurisdiction and have a County zoning of RCU-2A (Residential, Single-Family, Rural). Directly east of the subject property the parcel is vacant and further along in a southeast direction is the Haystack Ranches Subdivision. *(See Figure 2: Zoning Map)*

PUBLIC REVIEW PARTICIPATION

The Town Staff notified property owners within a 300’ radius, resulting in twelve (9) letters to surrounding property owners. Property owners received information regarding the applicant’s request to renew an expired CUP on the AR-5 (Agricultural Residential-5 Acre Minimum) zoning district. To date, no responses to those letters have been received by the Town.

The neighborhood meeting was held on April 16, 2018. At said meeting, there were no property owners who attended.

The item went before the Planning and Zoning Commission on May 1st, 2018. The Commission inquired of why Staff did not recommend a time period grants to the CUP. Staff responded that based on the history of the property and the business being on site for 22 year, Staff did not see fit to add a condition of approval with a time period. Staff noted that because it is a CUP Staff will still be able to monitor and regulated the site.

STAFF ANALYSIS AND RECOMMENDATION

Approval of a conditional use permit will allow the current well drilling business to continue on site and provide flexibility within the AR-5 zoning district. The business activities on site might have a negative impact on surrounding properties as far as noise and ascetics if the business was a new proposed use, but
being that it has been in operation for the past twenty two (22) years, the site has maintained the businesses impact as minimal as possible on surrounding properties. The business activities are conducted within the 5,000 sq. ft. work shop and all storage is screened from public view by structures on the site and natural vegetation found along the periphery of the property. Furthermore, staff has reviewed the site parcel file and has found not prior code enforcement complaint in regards to the well drilling business on site. Based on the type of business that is on site and its location, the conditional use permit will allow the Staff to continue monitoring the site.

Staff and Planning and Zoning Commission forward a recommendation of approval to Town Council for a Conditional Use Permit for APN 306-23-007B to allow the continuation of the operation and maintenance of a well drilling business consisting of storage of vehicles, machinery and supplies in the AR-5 (Agricultural Residential- 5 Acre Minimum) zoning district, subject to the following condition:

1. Property owner will abide by all regulations set forth in “Section 6: Property Maintenance of the Unified Development Ordinance.”

AGENDA ITEM TITLE:
Consideration and possible action to approve using $300,000 out of the Town's General Fund Contingency Account to reduce the PSPRS unfunded liability amount. (Joe Duffy, Finance Director)

RECOMMENDED ACTION:
Approve using $300,000 from FY 2017/2018 Contingency Funds to reduce the PSPRS unfunded liability.

SITUATION AND ANALYSIS:
The Chino Valley Police Department's Retirement plan is part of the Arizona Public Safety Personnel Retirement System (PSPRS).

Annually PSPRS performs an actuarial valuation of the members covered by PSPRS to measure the funding progress and to determine the contribution rate for the next fiscal year.

Since fiscal year 2017 the funding status of the Chino Valley PSPRS plan has decreased from 63.10% funded to 55.50% funded. Ideally the Town should have the plan 100% funded, however having a funded percentage of over 75% is generally adequate. The Arizona State Retirement System (ASRS) which covers all the Town's employees, except Police Officers, it funded at 77.60%.

In order to increase the funded percentage each year the Town should make additional contributions to the plan. As of June 30, 2017 the Town would need to contribute $1,808,000 to fund the plan at 77.6% equal to the ASRS funding percentage.

Staff is recommending the Town make an extra contribution each year from unused contingency funds in the General Fund. The Town Budgeted $440,000 in Contingency Funds for FY 2017/2018 and anticipates only spending $122,000 before June 30, 2018.

Staff is requesting approval to use $300,000 to reduce the PSPRS unfunded liability.

Staff met with the Town of Chino Valley Public Safety Retirement Board on October 25, 2017 and the
Town of Chino Valley Finance Committee on November 7, 2017. Both groups recommended additional funding to reduce the unfunded liability.

### Fiscal Impact
