b)  

(i) Consideration and possible action to adopt Resolution No.18-1120, for a Minor General Plan Amendment to change the land use designation of approximately 9.49 of 15.9 acres of real property generally located approximately 0.25 miles west of the northwest corner of North Road 1 West and West Road 4 North intersection at 1460 West Road 4 North from Medium Density Residential land use designation to Commercial/Multi–Family Residential land use designation.

(ii) Consideration and possible action to adopt Ordinance No. 18-848 to rezone 15.9 acres from CL/MR-PAD (Commercial Light/Multi-Family Residential with a Planned Area Development overlay) to 6.42 acres of SR-1 and 9.49 acres of CL (Single Family Residential–1 acre minimum and Commercial Light, respectively); and rezone the remaining 59 acres from AR-5 (Agricultural/Residential-5 acre minimum) to SR-1. Owner: La Vacara Trust (Jason Sanks, Development Service Director)

**Recommended Action:**

(i) Adopt Resolution No.18-1120, for a Minor General Plan Amendment to change the land use designation of approximately 9.49 of 15.9 acres of real property generally located approximately 0.25 miles west of the northwest corner of North Road 1 West and West Road 4 North intersection at 1460 West Road 4 North from Medium Density Residential land use designation to Commercial/Multi–Family Residential land use designation.

(ii) Adopt Ordinance No. 18-848, to rezone Assessor’s Parcel Nos. 306-05-030R, 306-05-031V and 306-05-031T, approximately 75 acres of real property as follows: 15.9 acres from CL/MR-PAD to 6.42 acres of SR-1 and 9.49 acres of CL; and the remaining 59 acres from AR-5 to SR-1, with the conditions as recommended and discussed.

(i) Minor General Plan Amendment

Mr. Sanks reported that when this property was rezoned several years ago to Commercial/ Multi-Family Residential, the General Plan Land Use Map should have also been amended prior to the rezoning approval, but it was not. When the owners initiated the current rezoning case, staff spoke with them about taking this opportunity to clean up the map.

MOVED by Vice-Mayor Lon Turner, seconded by Councilmember Mike Best to approve 7b item (i) to adopt to adopt Resolution No.18-1120, for a Minor General Plan Amendment to change the land use designation of approximately 9.49 of 15.9 acres of real property generally located approximately 0.25 miles west of the northwest corner of North Road 1 West and West Road 4 North intersection at 1460 West Road 4 North from Medium Density Residential land use designation to Commercial/Multi–Family Residential land use designation.

**Vote:** 6 - 0 PASSED - Unanimously

(ii) Rezone

Mr. Sanks presented on the rezone request:

- **History:** In 2015, Council approved Multi-Family Residential (MR-1) zoning with a Planned Area Development (PAD) overlay on a portion of the subject property near the Windmill House, but the proposed development was not initiated.
- **Current condition:** Other than the MR-1 PAD, the remainder of the subject property was zoned AR-5.
- **Proposal:** The owner desired to downzone some of the commercial area to SR-1, leaving only 6.4 acres of the event center as commercial, and rezoning all the AR-5 to SR-1. The proposed project will consist of 52 total one-acre lots.
- **Infrastructure:** Water would be provided by Appaloosa Water. The lots would use septic tanks, as there was no sewer line nearby. The subdivision would have two points of access.
- **Recommendation:** The Planning and Zoning Commission recommended approval with conditions related to water, sewer, streets, sidewalks, drainage, and grading. Further discussion was needed on sidewalks and a request for a wall on two lots. Due to concerns about noise and lights impacting two neighboring properties, neighbors asked for a six-foot wall across two of the lots. Staff recommended that the ordinance be modified to specify the two lots. Staff also recommended removing the MR-1 zoning since none was being proposed.

Staff and Council discussed the following in more detail:

- **Wall:** A wall was not required for the whole development as walls were not typically required for larger lot subdivisions and residents of large lots had not asked for them in the past.
- **Site plan condition:** Council could attach the site plan to the ordinance, but it could still be changed afterwards. Council had less latitude with a straight rezoning than they did with a PAD. However, with a straight rezoning, all the conditions of the Code would apply. Council could impose nominal conditions to mitigate negative impacts through the zoning case process.

Public comment:

- Wayne Moyer, resident, spoke in favor of the wall, as the proposed development’s property line was within 25 feet of his buildings and the wall would keep his property from depreciating.
- Robert Schoon, resident, spoke in favor of the wall, as walls had been used in cases when new development impacted existing residences, the current landscaping buffer was not being well maintained and would not block noise and light, and the wall will not require maintenance.

Tony Cordovana, representing the applicant, stated that the current landscaping was planted 15-20 years ago before anyone lived there. The developer will be required to develop a landscape plan and they believed that they could address the concerns of the residents with a mix of fencing and landscaping, and changing the angle of the driveway. As such, they requested that the wall stipulation be removed from the Ordinance and the issue be addressed through the plat approval process.

Council and staff discussion:

- **Wall stipulation:** While something might be needed to protect the two existing lots, the wall might not be the only option. They discussed retaining the stipulation for a wall in the ordinance versus addressing it during the plat phase. Town Attorney McGuire advised that, while the Town could stipulate conditions up through the building permit phase, the Town’s discretion was greatest during the rezoning phase. Mr. Sanks added that staff initially did not recommend the wall. The Commission added it as a stipulation due to public response. If Council desired to strike the requirement in the ordinance, but their intent was to continue to work with the neighbors, they could stipulate that staff will continue to work to straighten the roadway and enhance landscaping to mitigate impacts of traffic, light, and noise.
• Sidewalks stipulation: This requirement matched the Town’s street standards and should be retained.
• Generally: While Council supported SR-1 zoning, there were some concerns to address going forward.

MOVED by Vice-Mayor Lon Turner, seconded by Councilmember Mike Best to adopt Ordinance No. 18-848, to rezone Assessor's Parcel Nos. 306-05-030R, 306-05-031V and 306-05-031T, approximately 75 acres of real property as follows: 15.9 acres from CL/MR-PAD to 6.42 acres of SR-1 and 9.49 acres of CL; and the remaining 59 acres from AR-5 to SR-1, with the conditions as recommended and discussed, except for the portion that requires a six-foot wall across 600 feet and have the applicant work with Development Services to use some type of fencing and landscaping to provide a barrier for light and sound.

Vote: 6 - 0 PASSED - Unanimously

e) Consideration and possible action to adopt Ordinance No. 18-849 rezoning Assessors Parcel No. 306-21-004C, approximately 5.71 acres of real property generally located approximately 1,000 feet west of the northwest corner of West Road 1 North and North Road 1 West at 1190 West Road 1 North, from AR-5 (Agricultural Residential—5 acre minimum) zoning district to SR-1 (Single Family Residential—1 acre minimum) zoning district. Owner/Applicant: Charles & Debbie Harper. (Alex Lerma, Associate Planner)

Recommended Action: Adopt Ordinance No. 18-849 rezoning APN 306-21-004C, approximately 5.71 acres of real property addressed as 1190 West Road 1 North, from AR-5 zoning district to SR-1 zoning district.

Mr. Lerma presented on this item:
• Proposal: The owner proposed to split the property into three parcels. Legal access would be through a 50-foot easement abutting Poco Lane. There was an issue with regard to power lines, but the owner was working with APS on it. The middle acre would have two points of access, while the two one-acre parcels would have one each.
• Current condition: The property contained a single family residence, guest home, and workshop. Its General Plan designation was medium density residential. Most of the surrounding properties were zoned SR-1.
• Public comment: During the neighborhood meeting, most of the discussion revolved around a description of the proposal. During the Planning and Zoning Commission public hearing, there was a question about the split creating a landlocked parcel. Mr. Lerma clarified that the 50-foot easement would provide access to all three parcels.
• Recommendation: The Commission and staff recommended approval.

MOVED by Vice-Mayor Lon Turner, seconded by Councilmember Mike Best to adopt Ordinance No. 18-849 rezoning APN 306-21-004C, approximately 5.71 acres of real property addressed as 1190 West Road 1 North, from AR-5 zoning district to SR-1 zoning district.
