6:00 P.M.

The Town Council of the Town of Chino Valley met for a Regular Meeting in the Chino Valley Council Chambers, located at 202 N. State Route 89, Chino Valley, Arizona, on Tuesday, May 28, 2019.

Staff Present: Town Manager Cecilia Grittman; Town Attorney Andrew McGuire; Finance Director Joe Duffy; Human Resources Director Laura Kyriakakis; Public Works Director/Town Engineer Frank Marbury; Community Services Director Scott Bruner; Economic Development Project Manager Maggie Tidaback; Chief Building Official Dan Trout; Deputy Town Clerk Vickie Nipper (recorder); Administrative Technician Kathy Frohock (videographer)

Mayor Croft called the meeting to order at 6:00 p.m. and led the Pledge of Allegiance.

2) INTRODUCTIONS, PRESENTATIONS, AND PROCLAMATIONS

a) Proclamation declaring June 8, 2019, as Marine Corps League Day, sponsored by the Marine Corps League.

Mayor Croft read the proclamation and presented it to representatives with the Marine Corps League.

b) Presentation by Pete Gordon, Fire Staff Officer (Fire Chief), Prescott National Forest and Rick Chase, Fire Marshal/PIO, Central Arizona Fire and Medical Authority, regarding living in the wildland urban interface.

Marshal Chase and Officer Gordon spoke about the wildland urban interface. Key points were:

- Wildland Urban Interface was the area where wildland fuels were available to allow fires to move and where human infrastructure interacted with the wildland environment. Living in the wildland urban interface was not any different than living in any other natural disaster area.
- Chino Valley’s brush and grassland areas dried out quicker than heavy fuels and was considered a more hazardous area. Wildland fires could affect highway corridors, commerce, and tourism.
- Residents were encouraged to take care of their own property to reduce fire risk by having a property defensible space that provided a clearing around homes and buildings.
- Responsibility was dependent upon the fire department to educate, prevent and respond; the Forest Service to analyze, care for the natural resources, and provide hazardous fuel mitigation and fire response; and law makers and residents to understand responsibility for care of properties.
• The fire district’s primary responsibility was caring for and keeping fire fighters safe so that they could do their job of protecting property. All state and local fire agencies worked together and there were 43 fire wise communities within Yavapai County.
• Wildfire.az.gov provided information on fires throughout the state and firerestrictions.us provided restrictions for people to be knowledgeable about.

Mr. Duffy presented the Tentative Budget. Key points were:

- He had incorporated the changes discussed at the previous week’s study session.
- The tentative budget set the maximum expenditure limitation; the budget could not be increased, but could be decreased thereafter.
- $24,525,000 was budgeted last year and expenditures of $19,000,000 were anticipated. This year’s proposed budget was $27,976,800 and staff proposed to roll over $573,000 in general fund money not expended in the current year.

c) Consideration and possible action to approve the Town of Chino Valley Personnel Policy and Administrative Guideline Manual, Vacations Policy #700 revisions, dated May 28, 2019. (Laura Kyriakakis, Human Resources Director)

Laura Kyriakakis reported that:

- To recruit, retain, and reward staff, the town offered competitive wages and benefits that were in line with the region and other public entities within Arizona with similar population sizes.
- The Town supported the work-life balance, which required employees to spend time away from work to prevent workplace burnout and produce higher productivity and morale.
- The Personnel Committee met to review vacation benefits and was recommending two primary changes: (i) Modify the 320-hour soft vacation accrual cap to a 320-hour hard vacation accrual cap to go into effect on January 1, 2021; and (ii) Offer an annual payout to qualified staff that would go into effect on July 2019.
- The current soft accrual 320-hour cap was calculated every December 31. Any hours accrued by the employee not used before that time were eliminated unless previous arrangements were made with a supervisor to use those hours before the end of the upcoming June 30. The new policy would change the soft accrual cap to a hard accrual cap that, once the 320-vacation accrual cap is reached, the employee would stop accruing vacation hours. The January 2021 gives a transition period to employees to reduce their current vacation caps.
- The annual vacation payout to qualified staff would payout 40 hours vacation pay in conjunction with 40 concurrent hours of vacation taken to those long-term employees who accrued vacation time faster than they could take it. Qualified staff were those employed for over five years and had a minimum balance of 300 vacation hours and had taken 40 vacation hours in that fiscal year.
- The changes would affect 25% of the staff and potentially reduce the Town’s financial burden by $75,000.
MOVED by Vice-Mayor Jack Miller, seconded by Councilmember Mike Best to approve the revised Vacations Policy #700, dated May 28, 2019, in the Town of Chino Valley Personnel Policy and Administrative Guideline Manual.

AYE: Mayor Darryl Croft, Vice-Mayor Jack Miller, Councilmember Mike Best, Councilmember Cloyce Kelly, Councilmember Corey Mendoza, Councilmember Annie Perkins, Councilmember Lon Turner

d) Consideration and possible action to approve the purchase of a Central Control Irrigation System (BaseStation 3200) for Community Center Park and Memory Park from Ewing Irrigation in the amount of $29,648.34. (Scott Bruner, Community Services Director)

Recommended Action: Approve the purchase of a Central Control Irrigation System (BaseStation 3200) for Community Center Park and Memory Park from Ewing Irrigation in the amount of $29,648.34

Scott Bruner reported that:
- This system had been discussed at an earlier study session.
- The system: (i) was a sensor-intelligent irrigation system that measured rain, humidity, and temperatures of the fields and parks, and reduced and conserved water use; (ii) would turn itself off and on depending on the need for water; (iii) was controlled by computer, tablet or phone and a weather station; and (iv) had a ten-year warranty.
- Staff estimated that the system would reduce water use by 62%. As staff spent approximately $150,000 watering fields and parks, this could save $50,000-$60,000 per year.

Council and Staff discussed the following:
- The data on estimated savings were determined by the Finance Director.
- Prescott used the system and they reported having significant savings through its use. The current recreation director had used the system before in Prescott and through his experience was recommending the product.
- The system also warned of broken pipes, turned the water off, and gave the location of the broken pipe.
- Staff would come back to the Council to report how the system worked.

MOVED by Vice-Mayor Jack Miller, seconded by Councilmember Lon Turner to approve the purchase of a Central Control Irrigation System (BaseStation 3200) for Community Center Park and Memory Park from Ewing Irrigation in the amount of $29,648.34.

**Recommended Action:** Award a contract to Asphalt Paving & Supply, Inc. for the construction of the Chino Valley CDBG Street Improvements project in the amount of $479,499.99.

Frank Marbury reported that:
- This project was bid on a competitive basis and the Town received two bids. The apparent low bid was from Asphalt Paving and Supply Inc. in the amount of $479,499.99 which was within 1% of the engineer’s estimate and staff recommended awarding it to them.
- The project was funded by the $317,643.00 CDBG grant and the remaining balance was covered by the $200,000 capital improvement budget item.

MOVED by Vice-Mayor Jack Miller, seconded by Councilmember Mike Best to award a contract to Asphalt Paving & Supply, Inc. for the construction of the Chino Valley CDBG Street Improvements project in the amount of $479,499.99.

AYE: Mayor Darryl Croft, Vice-Mayor Jack Miller, Councilmember Mike Best, Councilmember Cloyce Kelly, Councilmember Corey Mendoza, Councilmember Annie Perkins, Councilmember Lon Turner

f) Consideration and possible action to approve using $300,000 out of the Town's General Fund Contingency Account to reduce the PSPRS unfunded liability amount. (Joe Duffy, Finance Director)

**Recommended Action:** Approve using $300,000 from FY 2018/2019 Contingency Funds to reduce the PSPRS unfunded liability.

Joe Duffy reported that:
- This had been done the previous year and doing it again would save on the next year’s premiums.
- The resolution [adopted in 2018] gave notice to PSPRS that the Town would apply a portion of the remaining funds in the contingency account to help pay down the PSPRS unfunded liability amount.

MOVED by Vice-Mayor Jack Miller, seconded by Councilmember Cloyce Kelly to approve using $300,000 from FY 2018/2019 Contingency Funds to reduce the PSPRS unfunded liability.
