ACTION ITEMS

The Council may vote to recess the public meeting and hold an Executive Session on any item on this agenda pursuant to A.R.S. § 38-431.03(A)(3) for the purpose of discussion or consultation for legal advice with the Town Attorney. Executive sessions are not open to the public and no action may be taken in executive session.

a) Consideration and possible action to adopt Ordinance No. 2019-867 amending the Town of Chino Valley Unified Development Ordinance, by Amending Section 3, by adding Subsection 3.19: BP (Business Park) zoning district. (Alex Lerma, Planner)

Recommended Action: Adopt Ordinance No. 2019-867 to amend the Town of Chino Valley Unified Development Ordinance by amending Section 3, by adding Subsection 3.19: BP (Business Park) zoning district with the modifications recommended by the Planning and Zoning Commission.

Planner Lerma presented the following:

- The original vision, goals and plan for the 200-acre industrial park had been officially named as the Chino Regional Business Park at Old Home Manor ("The Park"). Staff had been working on The Park zoning area.
- The original zoning classification of the acreage was Public Lands, to which staff had initially planned to add a Planned Area District (PAD) overlay with additional regulations. Based on the goals the Town set, staff concluded it was better to create a new zoning district that would specifically meet the goals and objectives of The Park.
- A staff-organized steering committee developed a draft zoning district similar to other zoning districts with allowed and prohibited uses and business performance standards. The steering committee's main goal was to have all business be indoors, resulting in outdoor uses being eliminated and other uses added to the zoning area.
- Staff conducted a neighborhood meeting in February with only one community attendee who liked the Town's approach.
- The Planning and Zoning Commission reviewed the item in May. The Commissioners voted 5-2 to recommend an amended version with the two changes listed below. The opposing Commission members supported the original staff version of the draft zoning district.
  1. Include veterinary clinics and animal hospitals with outside open areas added as a conditional uses (Item 8); and
  2. Remove commercial outdoor kennels from prohibited uses and add as Item 9 under conditional uses.
- An additional amendment included a noise variable table that was removed from the performance standards because it conflicted with Town Code language. It will be added through an amendment at a later date.
- Staff recommended that Council adopt the ordinance as it was originally presented to the Council in the staff report with veterinary clinics and animal hospitals as indoor uses only and commercial outdoor clinics as a prohibited use.

Council, Town Attorney, and Staff discussed the following:

- A typo regarding the entrance being on E. Perkinsville Road and E. Perkinsville Road needed to be corrected.
- Marijuana facilities: While permitted uses included commercial greenhouses, accessory
uses and onsite sales, medical marijuana dispensary and cultivation facilities were prohibited. Council discussed changing the language to include wording that would address recreational marijuana use that could be passed in the future. Town Attorney McGuire didn’t think the Town would be prohibited from doing that, but it could leave it open to interpretation issues and prohibiting a use that was illegal was duplicative. If the Town wanted to get rid of any agricultural use in the Business Park, prohibiting or requiring a conditional use for greenhouses in general would cause less confusion and interpretational issues.

- **Proposed zoning district:** The zoning district was not exclusive to The Park, but could be used in other areas of Town. The proposed property development standards required that others interested in developing a business park within the Town must have at least 20 acres and would require a 50-foot landscaping buffer around the entire perimeter of a business park and existing residential areas. Staff would have to do an analysis to determine the impact of the surrounding properties before such was approved.

- **Proposed district and General Plan:** Town Attorney McGuire pointed out that zoning districts had to conform to the Town’s General Plan. A business park would be compatible with some areas of Town but not all areas, including residential. The Town could amend the General Plan to designate allowed use areas for business parks. Staff related that if a request came in for a business park that fell into the General Plan land use designation of business/multifamily, the request would not need to come before Council, but a rezone request that did not conform would need to come before Council. Near the north portion of The Park was a strip of land that was designated for business in the General Plan.

- **Large-scale businesses:** The definition of large-scale businesses needed to be clarified. Council discussed having plenty of other property in Town for small businesses, not competing with private property owners, and encouraging large businesses that would generate revenue for the Town and employ multiple people.

- **Business Park purpose:** The group discussed the foundational ideas and purpose of the business park and the zoning district guidance, and whether or not the businesses listed reflected the Town’s intent for a business park. Staff stated that the zone was a mixture of commercial and industrial uses and should be considered a mix use zone.

- Some suggested further review at a study session.

Vice-Mayor Miller MOVED to adopt Ordinance No. 2019-867 amending the Town of Chino Valley Unified Development Ordinance, by Amending Section 3, by adding Subsection 3.19: BP (Business Park) zoning district with the modification recommended by the Planning and Zoning Commission including moving Items B11 to C8.

Town Attorney McGuire clarified that there were two versions for the Council to consider, a staff recommended version and a Commission recommended version. Councilmembers also wanted a basic description of what constituted a business park and if the Town wanted a business park classification with a follow up second consideration on what would be allowable within that business park.

Town Attorney McGuire explained that the question on the table was approval of the Ordinance that adopted the Business Park zoning category, which would add section 3.19 to the zoning code. The two recommended versions of the Business Park text were either the staff version or the Commission version. Part two of the discussion was what to do with commercial greenhouses. The Council had to determine which version they would vote on with an amendment moving greenhouses as was discussed.

Council discussed whether to vote on the ordinance or table it to a future meeting. Staff
requested that the ordinance be continued specifically to the next meeting to continue the public hearing and that staff will provide the version that Council preferred.

MOVED by Vice-Mayor Jack Miller, seconded by Councilmember Annie Perkins to table Ordinance No. 2019-867 to the next meeting and bring back the staff recommended version with the changes discussed.

AYE: Councilmember Cloyce Kelly, Councilmember Annie Perkins
NAY: Mayor Darryl Croft, Vice-Mayor Jack Miller, Councilmember Corey Mendoza, Councilmember Lon Turner
Vote: 2 - 4 FAILED

Council discussed possibly making another motion on the item. Town Attorney McGuire explained that, as the motion was not substantive, it was acceptable for Council to make another motion. If the Council wanted to make a motion to continue the item with other changes to the next meeting, they could do that.

Councilmembers preferred that the item go to either a study session or a committee meeting before hearing the item again.

b) Consideration and possible action to adopt Ordinance No. 2019-868 rezoning 200 acres of real property located north of Perkinsville Road and east of Jerome Junction from PL (Public Land) zoning district to BP (Business Park) zoning district. (Alex Lerma, Planner)

Recommended Action: Adopt Ordinance No. 2019-868 to rezoning 200 acres of real property from PL (Public Land) zoning district to BP (Business Park) zoning district with the condition that the Town Council adopt Ordinance No. 2019-867 in purview to this adoption of the BP (Business Park) rezone.

Town Attorney McGuire advised that without the Business Park text amendment, Council could not take action on the rezone.
