Mayor Croft on Emergency Declaration

FOR IMMEDIATE RELEASE

June 1, 2020

CHINO VALLEY, AZ- In line with the May 31, 2020 [Emergency Declaration](#) by Governor Doug Ducey establishing a state-wide curfew, Mayor Darryl Croft of Chino Valley, AZ has issued the following statement:

“It pains us all to see the unrest around the state of Arizona and our nation. Governor Ducey’s Emergency Declaration is, as he stated, ‘an additional tool to prevent the lawlessness we’ve seen here and in cities nationwide’. We trust that our citizens will work together and with our local law enforcement to maintain peace in our town and protect the freedoms we all hold dear.

The ideas and beliefs that we share, love of neighbor and respect for community, are what brought us to our town and why we stay. I fully believe that our local leadership, our police department, our business community, and our citizens will follow the direction of the Governors order and that we will become a stronger community by working together and supporting each other.

As with other emergency preparedness training, we are ready for any situations that may arise but are better off when we do not have to put that training into practice.

Stay safe Chino Valley, stay strong and be good neighbors.”

Mayor Darryl Croft
Chino Valley, AZ
